APPLICATION FOR AUTHORITY TO CONSTRUCT

FILING FEE: $100.00

1. Name of Business: _____
   Telephone: _____ Fax Number: _____

   Classification: Corporation: _____ Individual: _____ Company: _____
   Partnership: _____ Gov't Agency: _____ Other: _____
   General nature of business: _____

2. Address at which equipment will be operated: _____
   _____

3. Name of Operator of Business: _____
   Mailing Address of Operator: _____
   _____
   _____

   Telephone Number: _____ Fax Number: _____

4. Name of Legal Owner of equipment described below: _____
   _____

5. Equipment description (use sufficient detail to identify each piece of equipment):
   _____
   _____
   _____
   _____
   Please attach technical support information if required or necessary

6. Materials used in process (i.e. type of solvents, resin, paints, raw product processed, etc.):

******** ATTACH MSDS SHEETS ********

Raw Material	Estimated average quantity used per year

7. Projected operating times: Time of Day: _____ to _____
Hours per Day _____ Days per Year _____

7a. For Batch Processes: Hours per Batch _____ Lbs. per Batch _____
Batches per year _____

8. Description of air pollution control apparatus: _____

_____

_____

Manufacturer: _____

a. Height of discharge above ground (in feet): _____
b. Distance from discharge to nearest property line(in feet): _____
Compass direction to nearest property line: _____
c. Stack Diameter (in feet): _____
d. Volume of gas discharged into open air (in Ft^3/min): _____
e. Temperature at point of discharge (in F°): _____

9. For fuel burning equipment state:
Aggregate input BTU/hr: _____
Type of fuel used (circle): LP/Nat Gas Fuel Oil Diesel other
Type of backup fuel used (circle): LP/Nat Gas Fuel Oil Diesel other
Sulfur content if oil is used: _____
Average hours operated per year: _____
Average amount of fuel consumed per hour: _____

10. Projected Process emissions (Lbs./day):

	Without Control Equipment	With Control Equipment
Particulate		
Sulfur Dioxide		
Carbon Monoxide		
Hydrocarbons		
Lead		
Hazardous Air Contaminants (Toxics)		
_____		
Other (Specify) _____		
_____
