DEPARTMENT: Administration

RECOMMENDED ACTION AND JUSTIFICATION:
Adopt a resolution electing to receive the full county payment under the reauthorization of the Secure Rural Schools and Community Self-Determination Act (SR2008) and of the full county payment to allocate 8-percent to Title II projects and 7-percent to Title III projects.

Please see the attached staff report for additional information.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board of Supervisors adopted Resolution 08-536 on November 10, 2008, electing to receive the full county payment and of this payment allocating 8-percent to Title II projects and 7-percent to Title III projects.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not adopt the Resolution. The County will be considered to have elected to return 15-percent of its share to the U.S. Treasury in lieu of allocating 15 to 20-percent for Title II and/or Title III projects.

CAO:  

Revised Dec. 2002
To: Rick Benson, County Administrative Officer  
From: Mary Hodson, Deputy County Administrative Officer  
Subject: Reauthorization of Secure Rural Schools and Community Self-Determination Act

The reauthorization of the Secure Rural Schools and Community Self-Determination Act of 2000 was included in the economic stimulus package that was approved by Congress and signed into law (P.L. 110-343) by the President on October 3, 2008 (SR2008). SR2008 will provide declining payments to counties with federal forest lands over four federal fiscal years (FFY) 2008 through 2011. FFY are from October 1st through September 30th.

SR2008 varies significantly from the prior safety net legislation (HR2389) and listed below are a few of the key features.

- A new and complicated distribution formula is established, but California and seven other states will not receive their payments under the new formula until 2011. For FFY 2008 – 2010, the “transition” states will receive payments that decline from the payment received in FFY 2006.
  
  FFY 2008:  90-percent of amount received for FFY 2006 = $585,706
  FFY 2009:  81-percent of amount received for FFY 2006 = $527,135
  FFY 2010:  73-percent of amount received for FFY 2006 = $475,072
  FFY 2011:  New formula – estimated amount is $392,028

Attached is a spreadsheet of how this money can be allocated.

- Gives counties the opportunity to opt to stay on traditional harvest receipt shares (25-percent payment) or accept the safety net payments. Electing to accept the safety net payments is irreversible for the life of the legislation (through FFY 2011). The majority of counties in California will receive more funding electing the safety net payment, which is what Mariposa County has traditionally done.

- Counties are still required to elect to allocate between 20 to 15-percent of their safety net payment amount for Title II and/or Title III projects, however
counties are now limited in how the project funds can be split between Title II and Title III. No more than 7-percent of the safety net payment amount can be applied to Title III projects, with the remaining amount allocated to Title II projects.

Title II projects require the formation of a Resource Advisory Committee (RAC) which is governed by the Meyers-Milias-Brown Act and consists of 15 members appointed by the Secretary of Agriculture. All Title II projects must be recommended by the RAC and approved by the Secretary of Agriculture. Approved uses of Title II project funds may be found under section 202 of SR2008. Mariposa County is now a member of the Tuolumne-Mariposa RAC and has a weed eradication project currently being funded with Title II money.

- Title III projects have been reduced to three approved categories: (1) Carry out programs under the Firewise Communities program through education and assistance to homeowners regarding ways to reduce risks to wildfire; (2) Reimburse counties for the cost of search, rescue, and emergency services including firefighting, on federal lands; and (3) develop community wildfire protection plans in coordination with the Forest Service and/or the Bureau of Land Management (BLM). Additionally, all project funds must be obligated by September 30, 2012, or the funds will be returned to the United States Treasury.

A RESOLUTION FOR FEDERAL FISCAL YEAR 2009 ELECTIONS FOR NATIONAL FOREST RELATED SAFETY-NET PAYMENTS

Mr. Brad Aborn  
District 1 County Supervisor  
Mariposa County  
P.O. Box 784

Dear Mr. Aborn:

In order to prepare the 2009 payments to the states under the Secure Rural Schools and Community Self Determination Act, as amended and reauthorized by P.L. 110-343 (the Act), we request that you notify us by September 30, 2009 of your allocation of Title II and Title III for the 2009 payments. These payments should be transmitted to California in about December of 2009.

Following are details about this request as outlined in the legislation.

Each eligible county elected by December 2008 will receive one of the following payments: a share of the state’s 25-percent rolling average payment, or a share of the “State payment”. As a reminder, the “State payment” option for California counties includes an approximate 10% decrease each year for the first three years. In the fourth year (final year) the formula changes to one used by most other States.

Counties that elected to receive a share of the 25-percent rolling average payment do not need to submit information this year. Their 2008 election is effective for 2 years. These counties will be required to make a new election by August 1, 2010.

A county that elected to receive a share of the State payment may not change its election in subsequent years. It will receive its share of the State payment through fiscal year (FY) 2011.

A participating county that receives a share of the State payment that is greater than $100,000 must make an additional election to allocate among titles by September 30 each year as explained below:

- **$100,000 or less.** If the county share of the State payment is $100,000 or less, the county may, but is not required to, allocate its share in the same manner as a county with a share that is greater than $100,000 but less than $350,000.

- **>$100,000 and <$350,000.** If the county share of the State payment is greater than $100,000 but less than $350,000, the county must allocate 15 percent to 20 percent of its share to Title II, Title III, or a combination of the two titles. The total percentage allocated to Title II and/or Title III must be no less than 15 percent and no greater than 20 percent.
- **$350,000 or greater.** If the county share of the State payment is $350,000 or greater, the county must allocate 15 percent to 20 percent of its share to Title II, Title III, or a combination, except that the allocation for Title III projects may not exceed 7 percent. The total percentage allocated to Title II and Title III combined must be no less than 15 percent and no greater than 20 percent.

By law, participating counties receiving more than $100,000 as its share of the State payment must allocate a portion of its payment to Titles II and/or III by September 30 each year. For these counties, failure to submit these elections (allocations) by the deadline will result in the county being considered to have elected to return 15 percent of its share to the U.S. Treasury in lieu of allocating 15 to 20 percent for Title II and/or Title III projects.

Keeping in mind the legislative direction outlined above please notify us of the following;
1) How much you elect to set aside this year, (between 15-20%).
2) How you want it allocated between Title II and Title III funds.
