PROJECT FINDINGS AND CONDITIONS
FOR

FINDINGS

In accordance with Mariposa County Resolution No. 77-157 implementing the Land Conservation Act in Mariposa County and California Government Code Section 51257 (Williamson Act Law), the following findings are made:

1. **FINDING:** The project is found to support, accomplish, or have no effect on the goals, policies, and standards of the General Plan as a whole and will not obstruct the achievement of the Plan's purpose.

The Land Conservation Act promotes the preservation and development of agricultural lands, as encouraged by the Agricultural Element and its emphasis on preserving agricultural lands (Section 10.1.01 of The General Plan), and maintaining the rural character of the county (Section 10.1.04 of The General Plan). The Conservation and Open Space Element confirms the importance of maintaining open space nature of the county. This project will result in the execution of a Land Conservation Act contract, which is a 20-year commitment to agriculture and open space uses for the site. The preserve is consistent with the General Plan. The current and past use of the property is for agricultural purposes. This finding is made in accordance with Section 51234 of Government Code.

2. **FINDING:** The agricultural preserve will contain 529 acres. The parcel meets the minimum size established by the Board of Supervisors for an agricultural preserve. The use of this property for cattle grazing and/or other Agricultural Production Uses or Compatible Uses as specified in the contract must be profitable, except in extraordinary circumstances (such as natural disasters). The project complies with all standards of the California Land Conservation (Williamson) Act and the Mariposa County Agricultural Preserve Policy. The parcel has been used for agricultural purposes for at least three years, and the agricultural uses have been profitable.

3. **FINDING:** This project is Categorically Exempt based on the following: Class 17; Section 15317, CEQA Guidelines

MARIPOSA COUNTY BOARD OF SUPERVISORS

MINUTE ORDER

TO: KRS SCHENK, Planning Director
FROM: MARGIE WILLIAMS, Clerk of the Board

SUBJECT: PUBLIC HEARING to Consider a Resolution Approving Land Conservation Act Application No. 2009-078 with Findings, Approving the Creation of a New Agricultural Preserve and Approving Execution of a New Land Conservation (Williamson) Act Contract with Gary and Leisa Belser for a 529-Acre Parcel Located on Pendola Garden Road in Mariposa; APN 011-240-005

RESOLUTION 09-584

THE BOARD OF SUPERVISORS OF MARIPOSA COUNTY, CALIFORNIA

ADOPTED THIS Order on December 1, 2009

ACTION AND VOTE:

11:12 a.m. Kris Schenk, Planning Director:
A) PUBLIC HEARING to Consider a Resolution Approving Land Conservation Act Application No. 2009-078 with Findings, Approving the Creation of a New Agricultural Preserve and Approving Execution of a New Land Conservation (Williamson) Act Contract with Gary and Leisa Belser for a 529-Acre Parcel Located on Pendola Garden Road in Mariposa; APN 011-240-005

BOARD ACTION: Kris Schenk introduced the item. Alvaro Arias, Associate Planner, presented the staff report. Staff responded to questions from the Board relative to the applicant understanding that the contract runs with the property for the full term; relative to future changes in the use with the training and sale of horses and being able to comply with the Williamson Act Contract terms with the cattle; clarification of there not being any patents or whether that applies to mining claims – staff will review this issue before finalizing the contract; clarification that this property is owned by one owner and there will only be one contract; relative to consideration of the financial implication to the County of approximately a $7,600 reduction in taxes for this contract; relative to the status of enforcement of the contracts; whether the Board can deny an application if it meets all of the criteria and clarifying that this application was reviewed by the Agricultural Advisory Committee and the Planning Commission. Becky Crafts, Assessor, responded to questions from the Board relative to the financial impact of the contracts and non-renewals on the tax rolls and the enforcement issues.

The public portion of the hearing was opened and input was provided by the following:

Ruth Catalan stated she agrees with Supervisor Cann and Becky Crafts relative to the financial impact considerations and enforcement issues; and she feels that there are people taking advantage of the Williamson Act. She does not feel that this application is for a viable Williamson Act operation. She feels there should be a moratorium on approving contracts until there is enforcement.

The public portion of the hearing was closed and the Board commenced with deliberations relative to the application and the issues that were raised, including the need for enforcement. Staff responded to
a question from the Board relative to the change in the contracts to address underlying historic parcels. (M)Allen, (S)Turpin, Res. 09-584 was adopted approving Land Conservation Act Application No. 2009-078 with findings, approving the creation of a new Agricultural Preserve and approving execution of a new Land Conservation (Williamson) Act Contract with Gary and Leisa Belser as recommended/Ayes: Unanimous. Supervisor Bibby clarified that this project is exempt from CEQA. The hearing was closed.
