STATE OF CALIFORNIA
COUNTY OF MARIPOSA
PLANNING COMMISSION

Resolution
No. 2006-10  A Resolution Recommending an Environmental Determination and
Approval of General Plan/Zoning Amendment Application No. 2005-235,
County of Mariposa, Project Proponent

WHEREAS the Mariposa County Board of Supervisors initiated General Plan/Zoning
Amendment Application No. 2005-235 on November 15, 2005 based upon the
recommendation of the Agricultural Advisory Committee; and

WHEREAS General Plan/Zoning Amendment Application No. 2005-235 proposes to amend
the Agricultural Exclusive land use and zoning designation, to amend the list of
permitted and conditional uses; and

WHEREAS a duly noticed Planning Commission public hearing was scheduled for the 3rd
day of February, 2006; and

WHEREAS the Planning Department prepared environmental documents in accordance
with the California Environmental Quality Act and local administrative procedures;
and

WHEREAS a Staff Report was prepared pursuant to the California Government Code,
Mariposa County Code, and local administrative procedures; and

WHEREAS the Planning Commission did hold a public hearing on the noticed date and
considered all of the information in the public record, including the Staff Report,
testimony presented by the public concerning the application, and comments and
recommendations from the Agricultural Advisory Committee; and

WHEREAS on the 3rd day of February 2006, the Planning Commission referred the matter
back to the Agricultural Advisory Committee and requested that the Agricultural
Advisory Committee consider the public input and make recommendations for
revisions to the proposal based upon the public input; and

WHEREAS on the 3rd day of February 2006, the Planning Commission continued the public
hearing on General Plan/Zoning Amendment Application No. 2005-235 to the 17th day
of March 2006 at 1:30 p.m. or as soon thereafter as possible; and

WHEREAS on the 16th day of February 2006, the Agricultural Advisory Committee
conducted a noticed public meeting and considered information and public input from
the Planning Commission's meeting as well as additional public testimony regarding
General Plan/Zoning Amendment Application No. 2005-235; and
WHEREAS on the 16th day of February 2006, the Agricultural Advisory Committee approved modified text for the General Plan/Zoning Amendment Application No. 2005-235; and

WHEREAS the Planning Department prepared revised environmental documents in accordance with the California Environmental Quality Act and local administrative procedures; and

WHEREAS amended Staff Report documents were prepared pursuant to the California Government Code, Mariposa County Code, and local administrative procedures; and

WHEREAS the Planning Commission did hold a continued public hearing on the 17th day of March 2006 and considered all of the information in the public record, including the amended Staff Report documents, testimony presented by the public concerning the application and amended project description, and comments and amended recommendations from the Agricultural Advisory Committee; and

NOW BE IT THEREFORE RESOLVED THAT the Planning Commission of the County of Mariposa does hereby recommend that the Board of Supervisors adopt a resolution directing staff to file a Notice of Exemption for the project pursuant to the California Environmental Quality Act, Title 14, California Code of Regulations and approving General Plan/Zoning Amendment No. 2005-235.

BE IT FURTHER RESOLVED THAT the Planning Commission recommends that the Board of Supervisors adopt an ordinance approving the proposed text amendment to the zoning ordinance, Mariposa County Code Zoning Title.

BE IT FURTHER RESOLVED THAT the recommended amendments to the Mariposa County General Plan and Zoning Ordinance land use and zoning designations are described in Exhibit A and Exhibit B.

BE IT FURTHER RESOLVED THAT the recommendation for project approval is based on the following findings supported by substantial evidence in the public record:

Finding No. 1: The amendment is in the general public interest, and will not have a significant adverse effect on the general public health, safety, peace, and welfare. (Section 17.128.050, Zoning Ordinance and Section 2.504, General Plan.)

The amendment is in the general public interest because it allows for greater review of certain intensive agricultural uses in the Agricultural Exclusive land use and zoning designations. The amendment will change the status of certain intensive agricultural uses from permitted uses to conditional uses. The effect of this amendment will be that those certain intensive agricultural uses will require a conditional use permit prior to development. A conditional use permit is a discretionary review process, which will enable an opportunity for public health, safety, peace and welfare issues to be reviewed and addressed through a public process. The amendment will not have any adverse effect on the general public health, safety, peace and welfare.
Finding No. 2: The amendment is desirable for the purpose of improving the Mariposa County general plan with respect to providing a long term guide for county development and a short term basis for day-to-day decision making. (Section 17.128.050, Zoning Ordinance and Section 2.504, General Plan.)

The amendment will improve the Mariposa County general plan, as the amendment addresses potential impacts associated with unlimited agricultural development on parcels within the Agricultural Exclusive land use and zoning designations in the county. Although there are areas of the county where unlimited agricultural uses are appropriate, including certain intensive agricultural uses, there are other areas of the county where agricultural properties abut residential properties. This amendment will enable Mariposa County to properly review certain intensive agricultural uses, thus enabling better day-to-day decision making. The amendment will enable decisions to consider the benefits of agricultural development, as well as the importance of minimizing negative impacts of that development on residential properties.

Finding No. 3: The amendment conforms to the requirements of state law and county policy. (Section 17.128.050, Zoning Ordinance and Section 2.504, General Plan.)

The application has been processed in accordance with all applicable requirements of state law and county policy.

Finding No. 4: The amendment is consistent with other guiding policies, goals, policies, and standards of the Mariposa County general plan. (Section 17.128.050, Zoning Ordinance and Section 2.504, General Plan.)

The amendment will insure that agricultural growth and development will blend with the character of the County, and be balanced with residential growth with economic growth (Section 1.201, General Plan). The amendment will provide an opportunity for broad based citizen participation in the County planning decision process relative to certain intensive agricultural uses (Section 2.201, General Plan). The amendment will result in a balanced and functional mix of land uses consistent with community values (Section 3.300, General Plan). The amendment will enable review of specific intensive commercial agricultural uses, and an opportunity to address suitability of access, terrain conditions, utility availability, and compatibility with adjoining uses (Section 3.300, General Plan).

Finding No. 5: The subject parcels are physically suitable (including, but not limited to access, provision of utilities and infrastructure, compatibility with adjoining land uses, and absence of physical constraints) for the requested land use designated and the anticipated land use development. (Section 17.128.050, Zoning Ordinance.)

This finding is not applicable to General Plan/Zoning Amendment No. 2005-235.

Finding No. 6: The proposed zoning is logical and desirable to provide expanded employment opportunities, or basic services to the immediate residential population or touring public. (Section 17.128.050, Zoning Ordinance.)
This finding is not applicable to General Plan/Zoning Amendment No. 2005-235.

BE IT FINALLY RESOLVED THAT amendments to the text of the September 2005 General Plan Update documents will be necessary based upon the recommended amended text for mining, rock and mineral processing uses and for agritourism uses. The September 2005 General Plan Update proposes that these uses be subject to a discretionary permit (conditional use permit). The Planning Commission recommends that these uses be permitted uses.

ON MOTION BY Commissioner Skyrud, seconded by Commissioner Ludington; this resolution is duly passed and adopted this 17th day of March, 2006 by the following vote:
