RECOMMENDED ACTION AND JUSTIFICATION:

Presentation and acceptance by the Board of Supervisors of two (2) copies of the “Las Mariposas” Map and direction to staff on how the maps should be displayed. The California State Mining and Mineral Museum Association had the original “Las Mariposas” map restored which illustrates the original land grant proposed by John C. Fremont, and this restored map is now on display at the California State Mining and Mineral Museum. Ron Iudice, President of the California State Mining and Mineral Museum Association had two copies made of this map and requested that they be presented to the Board of Supervisors for display in the Government Center and in the Mariposa County Courthouse.

Staff will need direction on where and how the maps should be displayed. Some options include – Plexiglas or custom framing; displaying the map in the lobby or in the Board room. Staff will also need to coordinate with the Presiding Superior Court Judge on displaying the map in the Courthouse. Depending upon the option, staff may be required to return to the Board for additional appropriations for the display costs of the map.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

On April 6, 2004, the Board adopted Resolution 04-124 approving a general fund contribution of $5,000 towards the restoration costs of the “Las Mariposas” map. Ron Iudice, President of the California State Mining and Mineral Museum Association advised that the Association will provide a copy of the map for display in the Government Center.
