Problem Statement

Mariposa County is a rural mountain county with many small isolated unincorporated cities. Yosemite National Park comprises a large portion of Mariposa County.

The population of Mariposa County is approximately 18,230 people. The main city is Mariposa with a population of 1,700.

Rural mountain counties are unique in that people live in isolated areas. With isolation, crime often goes undetected. Statutory Rape is one of those crimes that often goes undetected due to those involved attempting to hide their sexual experiences due to the age of the minor involved. Mountain communities provide an abundance of hiding places in the forest to be involved in uninterrupted acts of sexual intercourse.

To be a successful Statutory Rape Vertical Prosecution Unit there has to be a cooperative effort between multiple agencies. It is imperative that agencies understand the importance of reporting.

Most victims of statutory rape do not see themselves as victims. They tend to view the relationship that they are having with an older person as love. They don’t realize that they have been manipulated into the relationship. Due to lack of life experience, these victims do not recognize the manipulation or exploitation.

The unfortunate dynamics involved with statutory rape may leave the victim with overwhelming feelings of affection and devotion for the offender. These feelings often inhibit the cooperation of the victim with the prosecution of the case against the offender. The victim may not cooperate with law enforcement; they may minimize, recant and refuse to participate as the case progresses through the justice system. The victim may be at a loss as to why the person they feel they love is being prosecuted for their mutual sexual activities together. The victim may become angry at the criminal justice system and the reporting party. The reporting party may be one of their own family members. If this is the case, relationships within the victim’s family may become strained causing the victim to leave home prematurely. The reporting party may also be a close friend, or a teacher. In all SRVP cases, the SRVP Advocate works closely with the victim to facilitate a positive working relationship and successful prosecution of the case.

The Mariposa County District Attorney Statutory Rape Vertical Prosecution Unit is committed to the prosecution of statutory rape cases regardless of the gender of the offender. The SRVP Unit continues to send a message to potential violators that statutory rape offenses will be aggressively prosecuted. The SRVP Unit remains committed to participating in a school education program designed to deter students from participating in unlawful intercourse. The SRVP Unit remains committed to advancing public awareness on statutory rape laws.
Plan

The vertical prosecution approach allows the same staff to carry the prosecution of the case through to completion. This approach helps the victim by seeing the familiar faces of the prosecutor and advocate during each step of the judicial process. The advocate shall assist in all aspects of the case through the completion of the prosecution in order to let the victim know that there is always someone there for them.

The most active reporting source for statutory rape cases involves word of mouth. The victim may tell a friend of the situation, who in turn, tells their parents. That parent will call the authorities and report the incident. Multiple reporting sources become obvious when a pregnancy occurs. One sad note, is the fact that some young victims seek an abortion in order to hide the obvious evidence of a statutory rape. A close working relationship with the various community organizations providing services to young unwed pregnant woman may provide an avenue for the discovery and identification of statutory rape offenders. The Family Support Division is one useful source when a child enters the support system. The Department of Social Services may become another useful source of information when an under age teenager becomes pregnant.

Presentation to various organizations within Mariposa County will assist in an understanding of the Statutory Rape Vertical Prosecution approaches. This will hopefully make various organizations aware of the dynamics of statutory rape and how the vertical prosecution approach will streamline the efficiency of each case handled.

The close working relationship between the District Attorney Statutory Rape Vertical Prosecution Program, Mariposa County Sheriff’s Office and Mariposa County Probation Department allows for immediate investigatory follow-up once a suspected statutory rape has been reported. As cases are investigated by the Sheriff’s Office the investigating officer will notify the statutory rape advocate. The advocate will make contact with the victim and parent/parents of the victim in order to offer immediate assistance for referrals to agencies that may provide services. The immediate involvement of the advocate will give the victim a support person they can rely on during the cycle of the statutory rape case.

The District Attorney Statutory Rape Vertical Prosecution Program maintains a part-time Deputy District Attorney III position who must have felony prosecution experience. Additionally, an Advocate split 50/50 with the Victim/Witness Program will handle the advocacy for victims. The advocate has attended the 40 hour O.C.J.P. mandated Advocate training and the 40 hour Advanced Advocate Training.

One of the goals of the program will be the use of the advocate to maintain continual contact with the victim and attempt to make the victim realize the dynamics of statutory rape and the potential pitfalls associated with continual sexual activity. The advocate will be at the side of the statutory rape victim throughout the entire judicial process. Follow up counseling and the post prosecutions phase, will let victims of statutory rape

The average caseload for the two Deputy District Attorneys for the 2004-2005 year were approximately 500 cases each. The District Attorney handled 12 cases. The non grant funded Investigator for the Statutory Rape Vertical Prosecution Program is supplied by the Sheriff’s Department and caseload details for Sheriff’s Department Investigators are not available.

The average yearly caseload for the Statutory Rape Vertical Prosecution Program will be twelve cases. 100% of the cases will be handled using true vertical prosecution unless, due to circumstance beyond control, an alternate Deputy District Attorney is required to assist with prosecution of a given case. Of the twelve reported statutory rape cases nine cases will be filed on.

Source documentation will be gathered using case files, client contact sheets, Victim Compensation claim forms, and Victim/Witness Program referral letters.

Budget Narrative

The project's proposed 2005/2006 budget supports the project objectives and activities by allowing for continued funding of the vertical prosecution unit. The majority of the funds for the 2005/2006 grant year will be utilized for salaries and benefits of the grants' 15% prosecutor and 5% Victim/Witness Services Supervisor.

The 15% Deputy District Attorney has more than one year of felony trial experience. The Deputy District Attorney will be familiar with the Statutory Rape Vertical Prosecution Manual. The prosecuting attorney will file charges or make the first court appearance, after the crime is identified as an SRVP appropriate offense. The prosecutor will work closely with the advocate and the Mariposa, County Sheriff's Department to ensure that the goals of reducing trauma to victims, improve conviction rates and insure that more consistent and appropriate sentences are met.

The SRVP Unit will staff the Victim/Witness Services Supervisor at 5% salary in order to prepare and maintain all O.E.S. Grant related functions. The Victim/Witness Services Supervisor will assist victims of statutory Rape. This position will be coordinated with the Mariposa County Victim/Witness Program Center. The Victim/Witness Services Supervisor will work closely with the prosecutor and Sheriff's Department to ensure that the goal of reducing trauma to the victim is achieved. The Supervisor will provide presentations to community organizations to bring an awareness of the vertical prosecution process as well as the dynamics of statutory rape. The Victim/Witness Services Supervisor has completed the mandated O.E.S. Victim/Witness 40 Hour Entry Level Advocate Training, Advanced Victim/Witness Advocate Training and the O.E.S. Victim/Witness Coordinator's Training.

The Victim/Witness Services Supervisor has a minimum of two years of appropriate training. The position of Victim/Witness Services Supervisor requires a BA/BS education and/or experience in the area of social services, criminal justice or psychology. All other minimum criteria as outlined in the O.E.S. Statutory Rape Vertical Prosecution Program Guidelines will also be required of the position.

The operating expenses will provide for office space rental at 5080 Jones Street, Mariposa. Funds have been designated for reasonable purchase of office supplies necessary to perform the tasks that support the goals of the SRVP Unit to vertically prosecute offenders of Penal Code Section 261.5. Internet services are provided through the Mariposa County data processing system. No equipment over $1,000 will be requested during the 2005/2006 grant year. Due to the limited amount of grant funds, travel funds will not be budgeted for travel and training purposes.

The Deputy District Attorney III and the Victim/Witness Services Supervisor will prepare monthly time study sheets to track their percentages worked with respect to the District Attorney Statutory Rape Vertical Prosecution Grant.

<th>7. PROGRAM DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mariposa County is a rural mountain county with many small isolated unincorporated cities. The population of Mariposa County is approximately 17,000 people. The main city is Mariposa with a population of 1,700 people. The target group for this grant are those individuals over the age of 18 years of age who have unlawful sexual intercourse with minors under the age of 18. Vigorous prosecution with a vertical approach where the same attorney follows the case through the court process is desired. Those individuals who prey on juveniles and are more than three years older than the juvenile are aggressively prosecuted. The will be an V/W Supervisor and a Deputy District Attorney funded by the SRVP Grant. A Deputy Sheriff Investigator will provide investigation through funding from their own agency.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>8. PROBLEM STATEMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>The basic problem concerning the Statutory Rape Program is cooperation with agencies to report statutory rape cases. Additionally, minors who are victims are often non cooperating victims due to their strong emotional attachment to those individuals being prosecuted for statutory rape. The second important problem to address is the education of the public and minors as to the seriousness and consequences associated with having unlawful sexual intercourse.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>10. OBJECTIVES</th>
</tr>
</thead>
<tbody>
<tr>
<td>The education of the community and students throughout the county is of vital importance to send the message about statutory rape in order to help prevent unwanted pregnancies. Vigorous prosecution of both sexes who prey upon minors for illegal sexual intercourse with minors is paramount to the message of the seriousness of the crime.</td>
