RECOMMENDED ACTION AND JUSTIFICATION:
Approve and re-establish the Juvenile Justice Coordinating Council (JJCC) by appointing the existing members and adding new members.

The previous JJCC was established in 2000 with the creation of the Juvenile Justice Crime Prevention Act (JJCPA). In order to receive monies from the state for JJCPA a local action plan was developed through a board identified as the JJCC. Designated members were appointed in accordance with the Welfare and Institutions Code Section 749.22. Members of the council were to include the Chief Probation Officer as the Chair, a representative from the District Attorney’s Office, Public Defender, Sheriff’s Department, a member from the Board of Supervisors, Department of Social Services, Department of Mental Health, a community based Drug and Alcohol Program, City Police, County office of Education, and an at-large community representative.

Previously, King’s View held a position and represented the community-based drug and alcohol program. Further, the Superior Court Judge was included on the council. A representative from Mountain Crisis Center acted at the at-large community representative along with Robert Allen.

Although the council has never disbanded, there have been some changes to individuals and organizations. Further, a new grant has been made available. This grant requires that a Prevention Policy Board (PPB) must be enacted which is comprised of 15-21 members representing a balance of public agencies, private nonprofit organizations serving youth and their families, and business. The new grant specifically allows for the county’s existing JJCC to function as the PPB. However, in order to meet the requirements of the PPB, the JJCC must incorporate additional members.

Therefore, it is requested that the Board of Supervisors approve the existing membership with the changes in personnel. It is also requested that the board approve additional membership to include representatives from the faith community, child abuse prevention, business/merchant representative, youth and a youth mentor.

Further, a member from the Board of Supervisors must be appointed to be a member of the council in order to submit the grant proposal.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
In 2002 the board previously created and authorized the Juvenile Justice Coordinating Counsel for the purpose of attaining funds through the Juvenile Justice Crime Prevention Act.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Without authorization the current grant and future grants would be unavailable to this county.
