INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors and Grand Jury
County of Mariposa
Mariposa, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Mariposa, California, (County) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements and have issued our report thereon dated February 12, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a material weakness. (2014-001)
To the Board of Supervisors and Grand Jury
County of Mariposa
Mariposa, California

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a significant deficiency. (2014-002)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

County's Response to Findings

The County of Mariposa's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
OMB CIRCULAR A-133

To the Board of Supervisors and Grand Jury
County of Mariposa
Mariposa, California

Report on Compliance for Each Major Federal Program

We have audited the County of Mariposa, California's (County) compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2014. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.
To the Board of Supervisors and Grand Jury
County of Mariposa
Mariposa, California

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133, and which are described in the accompanying schedule of findings and questioned costs as item 2014-003. Our opinion on each major federal program is not modified with respect to these matters.

The County’s responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County’s responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the County, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the County of Mariposa, California, (County) as of and for the year ended June 30, 2014 and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated February 12, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The supplemental schedules of revenue and expenditures have not been subjected to auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on them.

COUNTY OF MARIPOSA
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2014

1. REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the County of Mariposa. The County of Mariposa reporting entity is defined in Note 1 to the County’s basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the Schedule of Expenditures of Federal Awards.

2. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus applied. The accompanying Schedule of Expenditures of Federal Awards, is presented using the modified accrual basis of accounting for grants accounted for in the governmental fund types and the accrual basis of accounting for grants accounted for in the proprietary fund types, as described in the notes to the County financial statements. In addition, the outstanding balance of prior years’ loans that have significant continuing compliance requirements have been included in total federal expenditures.

3. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree or can be reconciled with amounts reported in the related federal financial assistance reports.

4. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree or can be reconciled with amounts reported in the County’s basic financial statements.

5. PASS-THROUGH ENTITIES’ IDENTIFYING NUMBER

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

6. LOANS WITH CONTINUING COMPLIANCE REQUIREMENTS

The County participates in certain federal award programs that sponsor revolving loan programs, which are administered by the County. These programs require servicing arrangements with the County. The funds are returned to the programs upon repayment of the principal and interest. In accordance with Subpart B, Section 205 of the U.S. Office of Management and Budget Circular A-133, the County has reported the outstanding balance loans from previous years that have significant continuing compliance requirements as of June 30, 2014, along with the value of total outstanding and new loans made during the current year.
6. LOANS WITH CONTINUING COMPLIANCE REQUIREMENTS (CONTINUED)

The programs listed below had the following aggregate, federally funded loans outstanding at June 30, 2014:

COUNTY OF MARIPOSA
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2014

SECTION II - FINANCIAL STATEMENT FINDINGS

Prior Period Adjustment 2014-001
Workers’ Compensation and Liability Risk Management Underfunded 2014-002

SECTION III - FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

14.228 Community Development Block Grants/State’s Program
and Non-Entitlement Grants in Hawaii
2014-001  Prior Period Adjustment (Material Weakness)

Condition

During our audit we noted the County made prior period adjustments to correct loans receivable and to reclassify cash with fiscal agent bank accounts to agency funds.

Cause

The County discovered CDBG loans receivable issued in prior years that had not been recorded in the general ledger. In addition, certain cash with fiscal agent bank accounts were determined to be more appropriately recorded in agency funds.

Criteria

An effective internal control system including accounting policies and procedures is necessary to provide reasonable assurance for the completeness of accounting records and proper year end closing.

Effect of Condition

Governmental activities beginning net position and governmental funds beginning fund balance were restated as of July 1, 2013.

Recommendation

We recommend that the County improve its internal control system and its policies and procedures in reviewing detail general ledger accounts for accuracy.

Corrective Action Plan

No additional corrective action is required. The loans receivable have been posted and are now correct. The County has corrected the fiscal agent bank accounts so they are now properly recorded.

2014-002  Workers’ Compensation and Liability Risk Management Underfunded (Significant Deficiency)

Condition

The Workers’ Compensation and Liability Risk Management internal service funds had deficit net assets as of June 30, 2014. During the current fiscal year the deficit in Workers’ Compensation decreased from $546,232 to $406,881 and the deficit in Liability decreased from $408,670 to $317,997. There are inadequate resources to settle the estimated accrued liabilities. This is a repeat of a prior year finding.

Cause

The charges for services in these funds was not sufficient to cover the accrued liabilities.
2014-002  Workers’ Compensation and Liability Risk Management Underfunded (Significant Deficiency) (Continued)

Criteria

Prudent management of County resources requires that charges for services in internal service funds be adequate to cover the cost of providing the service.

Effect of Condition

For the year ended June 30, 2014, there was a deficit in both funds which indicated there was inadequate resources to settle the estimated accrued liabilities.

Recommendation

We recommend that the County continue to monitor these funds and manage the deficit until adequate resources are established for the Workers Compensation and Liability Risk Management internal service funds.

Corrective Action Plan

The County reviews the risk management funds that account for this activity annually. Insurance costs are set and charged to the affected budget units with the intent to reach or maintain the actuarially determined reserves to the extent of the financial capability of the County Departments.
2014-003

Name: COMMUNITY DEVELOPMENT BLOCK GRANTS/STATE’S PROGRAM AND NON-ENTITLEMENT GRANTS IN HAWAII
CFDA #: 14.228
Federal Grantor: U.S. Department of Housing and Urban Development
Pass Through Entity: State Department of Housing and Community Development
Award No.: Various
Year: 2013/2014

Condition

During our audit of CDBG loans receivable files, we noted that there was no documentation of homeowner’s insurance on the property acquired with loan funds.

Perspective

Appropriate monitoring of loans receivable was inadequate.

Criteria

The loan documents require that loan recipients maintain homeowner’s insurance on the property acquired with loan funds.

Effect of Condition

The County was not verifying that loan recipients were maintaining homeowner’s insurance as required in the loan documents.

Questioned Cost

No costs were questioned. All ten loan recipients were eligible to receive CDBG loans. The problem was that County was not verifying compliance with the requirements of the loan documents.

Recommendation

We recommend that the County verify that all CDBG loan recipients have the required homeowner’s insurance and maintain documentation on an annual basis.

Corrective Action Plan

Every year the County sends out annual verification requests of current homeowners insurance. We do our best to assure that the documents are all current and accurate.
