Topic: Creation of "Public Records Act Requests" revenue and expense account

With the number of Public Records Act (PRA) requests for information about SilverTip, the Planning Department has expended in excess of $1,000 in copy costs alone in September. Our typical month is in the $500 range. These costs are based on requests prior to the close of public comments.

One of the four law firms involved in this project has asked us to supply them once each month with any new material received for the SilverTip Resort.

While we do collect revenue for these costs, our budget line items are depleted for these unusual and expensive demands. However, the revenue does not replenish the line items.

Staff is requesting a new line item for PRA requests. All expenses associated with this line item are offset by equal revenue requests. This allows us to serve the public's special needs without depleting our operational needs.

The $5,000 revenue and expense estimates are based on our best projections of the various requests associated with this project, the General Plan, and the pending Vallecito Specific Plan for this fiscal year.
