RESOLUTION - ACTION REQUESTED 2015-307

MEETING: June 23, 2015

TO: The Board of Supervisors

FROM: Tony Stobbe, Public Works Director

RE: Approve a Professional Services Agreement with Drake and Associates - for Oak Grove Bridge

RECOMMENDATION AND JUSTIFICATION:
Approve a Professional Services Agreement with Drake Haglan and Associates for Bridge Design Services on the Oak Grove Bridge (40C0060) in the not-to-exceed amount of $135,000, and Authorize the Board of Supervisors Chair to Sign the Agreement.

Drake Haglan and Associates will provide project management, topographic survey and right-of-way mapping, geotechnical engineering, hydraulics, preliminary engineering and environmental surveys and constraints mapping for the bridge.

The Federal Highway Administration administers the Federal Highway Bridge Program as part of the current Federal Transportation Bill, MAP-21. Caltrans manages the program in the State of California.

Under current regulations 100% of the cost of these contracts, and the staff time necessary for Public Works to manage them, are reimbursable from the Highway Bridge Program.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On May 19, 2015 the Board approved a Program Supplement Agreement with Caltrans for the bridge per Resolution No. 2015-235.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The Board could choose not to approve these contracts which would mean that the bridges would not be rehabilitated/replaced.

FINANCIAL IMPACT:
Funding is allocated in fund 512-1312-782-0653 and is from the Federal Highway Bridge Program. There is no impact to the General Fund.

Said Agreement shall then be deemed terminated and no further work shall be performed by Contractor. If the Agreement is so terminated, the Contractor shall be paid for that percentage of the phase of work actually completed, based on a pro rata portion of the compensation for said phase satisfactorily completed at the time the notice of termination is received.

7.04 Termination of Funding: The parties acknowledge that the nature of government finance is unpredictable, and that the rights and obligations set forth in this Agreement are necessarily contingent upon the receipt and/or appropriation of the necessary funds. In the event that funding is terminated, in whole or in part, for any reason, at any time, this Agreement and all obligations of County arising from this Agreement shall be immediately discharged. County agrees to inform Contractor no later than thirty (30) calendar days after County determines, in its sole judgment, that funding will be terminated and the final date for which funding will be available.

8.04 Attorney's Fees: If any action at law or in equity, including an action for declaratory relief, is brought to enforce or interpret the provisions of this Agreement, the prevailing party will be entitled to reasonable attorneys' fees, which may be set by the court in the

Revised 5/06/13
same action or in a separate action brought for that purpose, in addition to any other relief to which that party may be entitled.

8.05 Conformance to Applicable Laws: Contractor shall comply with the standard of care regarding all applicable federal, state and county laws, rules and ordinances. No discrimination shall be made by Contractor in the employment of persons who work under this Agreement because of race, color, national origin, ancestry, disability, sex or religion of such person.

SCOPE OF WORK AND COST PROPOSAL FOR

Bridge on Oak Road over Bear Creek
(40C-0060)
May 14, 2015

Mr. Gary Taylor, PE
Mariposa County
4639 Ben Hur Road
Mariposa, CA 95338

Subject: Proposal to provide Professional Engineering Services for
Bridge on Buckeye Road over Mariposa Creek (40C-0036) and
Bridge on Oak Road over Bear Creek (40C-0060)

Dear Mr. Taylor,

Drake Haglan & Associates (DHA) would again like to thank you for inviting our team to perform professional services for the two subject bridge projects. As requested we are submitting a separate proposed scope of services and fee proposal for each bridge to provide full turnkey services including: project management, bridge and road engineering, hydraulic analyses, geotechnical studies, environmental clearance and permitting, right of way appraisal and acquisition services, and bidding support.

As part of our services, we have included an initial task for each bridge to prepare a project strategy report. This report will compare the economics of rehabilitating and widening the existing structure—as currently programmed under the HBP—with completely replacing the existing bridge. As required by Caltrans Office of Structures Local Assistance (OSLA), a life cycle cost analysis will be prepared to make this comparison. We believe that a full replacement of each bridge might be justified because of the following:

- Both bridges are painted steel stringer structures needing to be blast cleaned and repainted
- The widening of each bridge will require adding two new steel stringers and lengthening each abutment wall
- The steel stringers will require on-going paint maintenance

This is particularly true for the Buckeye Road Bridge which is almost 70 years of age meaning its remaining service life is no more than 30 years; vs. a 100 year service life for a replacement bridge. Since the Oak Road Bridge is only 30 years of age, the bridge rehabilitation and widening comparison to bridge replacement will be tighter making replacement justification slightly more difficult.

For scoping purposes, however, we have assumed each bridge will be replaced. Based on this assumption or fee for each bridge is as follows:

- Buckeye Road Bridge (40C-0036) $417,430
- Oak Road Bridge (40C-0060) $407,431

The currently available PE dollars for each bridge is as shown in the table below. We have assumed Mariposa County will need 10% of these dollars to provide project oversight.

<th>Bridge Name</th>
<th>Total PE</th>
<th>County Oversight (5%)</th>
<th>PE Balance</th>

<td>Oak Road Bridge (40C-0060)</td>
<td>$150,000</td>
<td>$15,000</td>

Using the balance of the PE dollars as a guide, based on our proposed fee, each bridge project can be phased as follows:

</tbody>
</table>

Upon completion of the Strategy Report and approval from Caltrans OSLA on the preferred project strategy for each bridge, DHA will prepare the necessary paperwork to request the additional PE dollars needed for the Phase 2 work. Our team has successfully delivered other HBP funded District 10 projects in the same manner. Most recently, we have provided justification for the replacement of the Hickman Road Bridge in Stanislaus County which involves replacing a 650-foot long, 65-foot tall, 7-span bridge over the Tuolumne River near the City of Waterford.

Once you have had a chance to review our proposed scope and fee for each bridge, we would like to set up a face to face meeting with Mariposa County to discuss the details of each scope and potentially visit each bridge site before finalizing the scopes and fees. Please feel free to call me should you have any questions at (916) 363-4210 x237.

Sincerely,
