RESOLUTION - ACTION REQUESTED 2015-352

MEETING: July 14, 2015

TO: The Board of Supervisors

FROM: Steve Johnson, Human Resources Director - Risk Manager

RE: Amend Fleet Superintendent Job Description to Fleet Manager

RECOMMENDATION AND JUSTIFICATION:
Approve changes in the Job Description of Fleet Superintendent by changing the title to Fleet Manager and making further changes to: the Essential Functions, Knowledge, Skills, Abilities and the Minimum Qualifications of this position.

After fifteen years of service to Mariposa County, the former Fleet Superintendent retired in April 2015. As part of an evaluation of the work being performed by this position, the Public Works Director determined that the following changes to the Fleet Superintendent Job Description, among others, were necessary:

1. Change the title to Fleet Manager to more clearly identify that the position is tasked with supervisory and administrative functions.

2. Identify that the Fleet Manager position administers the safety program for the Public Works Department, coordinates and attends meetings of Department and County wide safety committees, maintains records of program actions, and serves as the safety point of contact for internal and external stakeholders.

3. Delete references to performing mechanical, electrical and hydraulic system diagnostics and repairs or servicing on vehicles.

4. Delete the provision that possession of a valid California Class "B" driver's license is desirable.

5. Add needed knowledge of government bidding processes, the ability and skill to prepare specifications for vehicle and equipment purchases and estimating and managing vehicle and equipment depreciation and replacement fund accounts.

No change in salary for this position is recommended at this time, and as a result, no additional cost will incur to the County from the recommended changes. The salary and benefits for this position have already been included in the Public Works Department portion of the County's current Fiscal Year budget.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board of Supervisors originally approved creation of the Fleet Superintendent position in April, 2004, and subsequently revised this Job Description in February, 2006.
ALTERATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Approval by the Board of these changes will allow staff to begin an immediate recruitment to fill this critical position within the Public Works Department.
