MEETING: September 15, 2015

TO: The Board of Supervisors

FROM: Tony Stobbe, Public Works Director

RE: Approve Agreement with Golder Associates to Destroy Well at the Mariposa County Landfill

RECOMMENDATION AND JUSTIFICATION:

Approve an Agreement with Golder Associates to Destroy a Monitoring Well and a Piezometer at the Mariposa County Landfill in the Not to Exceed Amount of \$30,912 and Authorize the Public Works Director to Sign the Agreement.

The Regional Water Quality Control Board (RWQCB) requested that well E-5 be destroyed because the well was extended vertically as waste was filled around it. Piezometer PZ-1 was constructed next to the well and will also be destroyed. The RWQCB requested destroying the well at the same time the three new monitoring wells are installed.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

On March 21, 2014, a Notice of Violation was issued for continued non-compliance of the Evaluation Monitoring Specifications from the Central Valley Regional Water Quality Control Board.

On July 15, 2014, Resolution No. 2014-354 the Board approved an Agreement for Purchase and Sale of Real Property with Dr. Northway and Ms. Susan Banchemo to purchase 7.6 +/- acres to install additional ground-water monitoring wells.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not approve. The County will continue to be out of compliance with Central Valley Regional Water Quality Control Board and face possible fines in the future.

FINANCIAL IMPACT:

Funding for the Agreement is budgeted in the Solid Waste & Recycling Fund. There is no impact to the General Fund.

Mr. Greg Ollivier
 Mariposa County Department of Public Works

RE: Proposal for Well E-5 and Piezometer PZ-1 Destruction, Mariposa County Landfill

Dear Mr. Ollivier:

This letter presents Golder Associates Inc.'s (Golder) proposal to destroy monitoring well E-5 and piezometer PZ-1 at the Mariposa County Landfill. The proposed scope of work is based on the well destruction workplan dated February 2, 2015. It is our understanding that the Regional Water Quality Control Board requested well E-5 be destroyed, because the well was extended vertically as waste was filled around it. Piezometer PZ-1 was constructed next to well E-5 and will also be destroyed.

Proposed Scope of Work

To destroy well E-5 and piezometer PZ-1, Golder proposes to:

- Obtain destruction permits from Mariposa County Department of Environmental Health;
- Schedule the County Environmental Inspector to witness the well destructions;
- Subcontract a C-57 licensed well driller to destroy well E-5 and piezometer PZ-1 according to the requirements of the California Department of Water Resources Bulletins 74-81 Water Well Standards: State of California and 74-90, California Well Standards, and the requirements of Mariposa County;
- Submit Well Completion Form 188 to the California Department of Water Resources;
- Prepare a report documenting the work performed.

Schedule and Cost

The well destructions should occur prior to the onset of the rainy season, otherwise access to the wells may be limited due to wet conditions. We anticipate the well permit process and scheduling a drilling contractor to take at least two weeks. The field work is anticipated to take 2 to 3 days. Golder proposes to complete the scope described above for an estimated fee of \$30,912 (see attached cost estimate). We will bill you on a time and expenses basis and will not exceed our estimate without your prior approval.

Golder sincerely values its relationship with Mariposa County, and is appreciative of the opportunity to provide this proposal. Please feel free to call if you have any questions.

Sincerely,
GOLDER ASSOCIATES INC.
