MARIPOSA COUNTY PLANNING COMMISSION
STATE OF CALIFORNIA
RESOLUTION NO. 81-208

WHEREAS, the proposed Planned Development Overlay Zone was considered by the Planning Commission in conformance with State law and County ordinance; and

WHEREAS, public hearings were held on the project and favorable public input was received;

THEREFORE, BE IT RESOLVED that the Planning Commission recommends that the requested Planned Development Zone be established by the Board of Supervisors on the property generally known as the Lake Don Pedro Golf Course, and as shown on the attached map, with the following findings of facts and conditions of approval:

FINDINGS OF FACT

A. The zone change is found to be consistent with General Plan in compliance with Section 65680 of the Government Code and the General Plan Extension provisions granted under Section 65302.6 of the Government Code.

B. The project has been reviewed, and a Conditional Negative Declaration was accepted in conformance with County Environmental Review procedures and the California Environmental Quality Act.

C. That each individual unit of the development if built in stages, as well as the total development, can exist as an independent unit capable of creating a good environment in the locality and being in any stage as desirable and stable as the total development;

D. That the uses proposed will not be a detriment to the present and proposed surrounding land uses, but will enhance the desirability of the area and have a beneficial effect;
E. That any deviation from the subdivision ordinance requirements is warranted by the design and additional amenities incorporated in the development plan which offer certain unusual redeeming features to compensate for any deviations that may be permitted; and

F. That the principles incorporated in the proposed development plan indicate certain unique or unusual features which could not otherwise be achieved under standard subdivision provisions.
