RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes__ No X__)

Adopt this resolution approving transfer of $2,750.00 from Services and Supplies line items to Fixed Assets within the Personnel budget to allow the purchase of an upgraded computer for the Personnel Analyst.

BACKGROUND AND HISTORY OF BOARD ACTIONS: Replacement of this system would be consistent with the Board's prior action in replacing the other two computers of identical configuration which were purchased at the same time; the first replacement was made for the Board of Supervisors' office in early 1994, and the second in the Administration office in fall of 1994. This existing PC in the Personnel Office was purchased from a limited one-time lump sum fund made available to buy all of the furniture and equipment necessary to functionally operate the County's Personnel Office. The PC purchased was felt to be the best configuration that could be acquired with the funds available at that time. However, it does not have sufficient capacity to allow upgrade to current software versions, has limited memory and storage, and is inefficiently slow when trying to operate any lengthy programs required for proper maintenance of personnel records. This original system has had repairs made twice to its monitor, and it has been necessary to replace both the 3-1/2" floppy drive and the keyboard.

By combining year-end savings available from several of the Services and Supplies line items, sufficient funds are available within the existing Personnel budget to accommodate the proposed purchase. It is anticipated that the existing computer will be made available for use by the floating extra-help Work Study Student Trainee who currently assists the Board of Supervisors, Administration and Personnel. It could also be utilized, if available, by extra-help required from time-to-time in the County Counsel's Office where only one computer now exists for staff support. This existing computer could support most of the routine extra-help requirements of these combined offices.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not approve this request which would continue to limit the software that can be utilized by the Personnel Office this would restrict its ability to generate and/or track data required for both internal and external reports.
