DEPARTMENT: Admin./Personnel  BY: Jeffrey G. Green  PHONE: 209/966-3222

RECOMMENDED ACTION AND JUSTIFICATION:  (Policy Item: Yes ___  No ___)

Adopt this resolution to approve the attached revised class specification for the position of Health/Nutrition Coordinator and approve filling this vacant 80% permanent part-time position for the Head Start Program.

BACKGROUND AND HISTORY OF BOARD ACTIONS: Per Mariposa County Personnel Policies and Procedures Handbook, Section 4.02 "Classification Plan Amendment: The Board may create new classes or revise or abolish existing classes."

The original class specification for this position was designed to include registration as a member of the American Dietetic Association in order to comply with the health and nutrition components of the Head Start Program. This registration made recruitment for the position extremely difficult. Further, elimination of this professional registration requirement will create parity in the level of minimum qualifications with the Social Services/Parent Involvement Coordinator position; the salary range is the same for both coordinator positions. Subsequent to the resignation of the first coordinator, the Head Start Program has entered into a Personal Services Agreement with a Registered Dietitian in order to provide all required and necessary professional nutrition services. It is contemplated by the program to continue to provide this level of professional service by use of contract services on an as needed basis.

The request to fill the vacant 80% permanent part-time position is required to maintain the Head Start Program in Mariposa County at its current level. This position is grant funded, and there will be no impact on the General Fund of the County.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not approve the requested revision to the class specification; recruitment for the position would be very difficult. Make any changes necessary to the class specification as deemed necessary by the Board.

Do not approve filling the current vacant position. This would have a severe impact on the overall functioning of the Mariposa County Head Start Program.
