RECOMMENDATION AND JUSTIFICATION:

Adopt a Resolution Approving Mariposa County Joining the Merced Subbasin Groundwater Sustainability Agency (GSA) as a Non-Voting Member; Authorize the Board of Supervisors Chair to Sign the Joint Powers Agreement (JPA). In September 2014 the Sustainable Groundwater Management Act (SGMA) was signed into law. SGMA requires that high and medium priority basins be managed by local groundwater sustainability agencies and that these agencies must be formed by June 30, 2017.

A very small portion of the western edge of Mariposa County is located in the Merced Subbasin as defined in the California Department of Water Resources (CDWR) Final 2016 Bulletin 118 Groundwater Basin Boundaries. Merced County has offered to include Mariposa County in its GSA, which includes the County of Merced, the Plainsburg Irrigation District, the Le Grand-Althone Water District, the Merquin County Water District and the Stevinson Water District. It should be noted that County staff will work with CDWR to more accurately define the boundary of this subbasin at such time as the opportunity is available. County records and GIS mapping show that portions of thirty-three (33) Mariposa County parcels are affected by the subbasin designation.

Staff is recommending that the County join the Merced Subbasin GSA as a non-voting member so that the County will not be required to contribute financially to the Merced Subbasin GSA, but will still meet its legal obligations pursuant to the SGMA. Mariposa County Planning and/or Environmental Health staff will participate in future meetings of this GSA, to ensure that County issues and concerns are addressed; in particular, to ensure that hardrock wells on Mariposa County parcels are not impacted by future GSA regulations established through development of a Groundwater Sustainability Plan (GSP). If Mariposa County does not join the Merced Subbasin GSA, Mariposa County will be required to form its own GSA and develop its own GSP for those portions of the 33 parcels shown within the subbasin designation.

Planning and/or Environmental Health staff will keep the Board informed regarding
GSA activities and future communications with CDWR regarding subbasin boundaries.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
None.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not adopt Resolution and do not join the Merced Subbasin GSA. The County will need to form its own GSA by June 30, 2017 and develop its own GSP, until the subbasin boundary is moved outside of Mariposa County.

FINANCIAL IMPACT:
None.

**Article 18. Withdrawal and Termination**

18.1. **Withdrawal.** A Member may unilaterally withdraw from this Agreement without causing or requiring termination of this Agreement, effective upon sixty (60) days written notice the remaining Members. Upon withdrawal, a Member agrees that it has a continuing obligation to comply with the Act and shall, if prior to June 30, 2017, and prior to the Agency becoming an exclusive GSA, notify DWR that it shall act as its own GSA or join an alternate GSA that has entered into or will enter into a Coordination Agreement with the Agency in order to avoid an adverse effect upon the continuing Members. Until July 1, 2017, the county responsible for the withdrawing Member's service area may also elect to cover the area of the
withdrawing Member. If after July 1, 2017, that withdrawing Member shall remain subject to the terms of the GSP that is prepared by the Agency so as to not put the Merced Subbasin in jeopardy, unless a mutually agreed upon resolution is reach between the Agency, DWR and the withdrawing Member. This obligation shall survive withdrawal from this Agreement, is for the express benefit of the remaining Members, and is subject to the indemnification provisions of Section 17.2 of this Agreement.

18.2. Effect of Withdrawal. Any Member who withdraws shall remain obligated to pay its share of all debts, liabilities, and obligations of the Agency incurred or accrued prior to the effective date of such withdrawal, other than debts, liabilities, and obligations incurred pursuant to any Project Agreement to which the withdrawing Member is not a participant. A withdrawing Member shall in all events remain liable for its proportionate share of (i) its full amount of the adopted fiscal year budget; (ii) any call for funds or assessment levied by the Agency prior to the date it provides its notice of withdrawal; and (iii) the amount of any annual budget approved prior to the date it provides its notice of withdrawal.

18.3. Removal of Member. A Member may be removed from the Agency for good cause, upon a vote of the Governing Board by the affirmative vote of five (5) Board Members, and upon removal shall no longer be a Member of the Agency. A Member removed pursuant to this section shall not be liable to the Agency for any further monetary obligations, except to the extent those obligations: (i) were due and owing by Member as of the date the Member is removed from the Agency, or (ii) are otherwise imposed by the Agency as a fee, tax or other charge in accordance with the Act. As used herein, “for cause” shall mean conduct by a Member which is detrimental to the function and/or authority of the Agency, including but not limited to the failure to make monetary contributions to the Agency after ninety (90) days written demand for payment. Notwithstanding, removal for cause shall not be construed to mean the failure of any Member to make any contribution where the inability to make the required contribution is through no fault of the Member’s own, e.g., the Member is unable to make a contribution because of an inability to raise revenues due to Proposition 218 or other similar provision of law. In the event a Member is removed pursuant to this section and the removal results in the change in the number of seats for the Governing Board, the remaining Members may amend this Agreement. Upon removal, a Member has a continuing obligation to comply with the Act and may, if prior to June 30, 2017, and prior to the Agency becoming an exclusive GSA, notify DWR that it shall act as its own GSA or join an alternate GSA that has entered into or will enter into a Coordination Agreement with the Agency in order to avoid an adverse effect upon the continuing Members. Until July 1, 2017, the County of Merced may also elect to cover the area of the removed Member. If after July 1, 2017, that removed Member shall remain subject to the terms of the GSP
that is prepared by the Agency so as to not put the Merced Subbasin in jeopardy, unless a mutually agreed upon resolution is reach between the Agency, DWR and the removed Member.

18.4. **Termination of Agency.** This Agreement may be rescinded and the Agency terminated by unanimous written consent of all Members, except during the outstanding term of any Agency indebtedness. Nothing in this Agreement shall prevent the Members from entering into other joint exercise of power agreements.

18.5. **Disposition of Agency Assets upon Termination.**

18.5.1. **Surplus Funds.** Upon termination of this Agreement, any reserves or surplus money on-hand shall be returned to the Members or Contracting Entities in the same proportion said Members or Contracting Entities have funded such reserves or surplus, in accordance with California Government Code section 6512.

18.5.2. **Agency Property.** The Agency shall first offer any assets of the Agency for sale to the Members and Contracting Entities on terms and conditions determined by the Governing Board. If no such sale to Members or Contracting Entities is consummated, the Board shall offer the assets of the Agency for sale to any non-member for good and adequate consideration on terms and conditions determined by the Governing Board.
