RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes ______ No ______)  
Discussion to give staff direction regarding fees for dog licenses at public "at cost" vaccination clinics; possible action eliminating or reducing license fees for this activity.

Recommend that Board direct staff to collect the usual fee of $5.00 for licensing as set by Ordinance. This revenue helps offset general fund expense in rabies control program, placing financial burden on those who opt to have animals and the responsibility of caring for them.

Attached is a letter from Dr. Rosebrock giving the dates of the clinics.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

Last year, Board directed staff to issue licenses free of charge at these clinics. Revenue loss was $2,615.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

1. Revenue loss.
2. Possible decreased clinic utilization.

Dear Dr. Moser,

These are our proposed dates for the 1993 Mariposa County Rabies Clinics. We will need your guidance for the fees involved for licensing dogs at the clinics. In the past, the licenses have been free. The cost of the rabies vaccination is set at $4.00.

We anticipate once again offering Distemper/Parvo Vaccines for dogs, and Feline Distemper Vaccines for cats as we did last year. Dr. Rosebrock feels that offering these additional vaccines will serve to protect animals in the county that would not otherwise be protected.

Last year we billed the county for 78 hours of clerical help.
