RECOMMENDED ACTION AND JUSTIFICATION:  (Policy Item: Yes  X  No  )

The Public Works Department requests a Public Hearing and recommends a Resolution approving a Public Vehicle and Equipment Weight Certification Fee at the Mariposa Landfill in the amount of $5.00.

There have been numerous requests by the public for weight Certification on their vehicles or equipment. These are mainly used for Department of Motor Vehicle purposes. At present there is no facility available in the Mariposa area that provides this service. Landfills are exempt under State law for having to be certified to weigh waste. For weighing other than waste a State Certification is required. The typical charge for Certification in the San Joaquin Valley runs between $5.00 and $10.00.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

During the 1992/93 Budget Hearings it was determined by the Board to purchase a truck type scale for the weighing of waste at the Mariposa Landfill. The Board expressed an interest in making this service available to the public.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

1) Do not provide Weight Certification. The public would continue to have to drive to the valley for this service.

2) Provide Weight Certification at a different fee.

3) Provide Weight Certification at no charge. This is not recommended as use of the facility could be abused.

COSTS:  ( ) Not Applicable  (X)  
A. Budgeted current FY $ 
B. Total anticipated costs  
C. Required additional funding  
D. Internal transfers $
