Resolution Authorizing the Chair to sign an Agreement with the State of California, Department of Alcohol and Drug Programs, which will amend the Comprehensive Perinatal Planning grant for 1992-93.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On October 22, 1991 the Board approved Res. No. 91-503 which established the development of a two-year Comprehensive Perinatal Plan project. On April 7, 1992 the Board approved Res. No. 92-166 which amended the Scope of Work and the 1991-92 budget to more appropriately meet the needs of the two counties. The Amendment presented this date amends the 1992-93 budget only and the total contract dollar amount remains unchanged.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The identified needs of the two counties involved would not be met.
DATE: May 11, 1993

TO: Honorable Members of the Board of Supervisors

FROM: Tom Archer

SUBJECT: Executive Summary: Perinatal Planning Grant

In July 1991 Mariposa County received a State Perinatal Planning grant to initiate a study and develop a plan to improve and more effectively coordinate perinatal services in Mariposa County. The grant also provided the same service for Madera County, but Mariposa was named the lead County to administer the grant. The project will be completed at the end of this grant year in less than two months. In April 1992 we amended the Scope of Work and the 1991-92 budget to develop more effective staffing, maximize the project’s success and insure that we achieved the project’s goals and objectives. This did not change the dollar amount, just the way it was distributed. This amended budget worked very well. We were told at that time by the State Analyst that amending the 1991-92 fiscal year would automatically carry over into the 2nd and final year 1992-93. Earlier this year, the new State Analyst for the project informed us that that was incorrect and that we would need to formally amend the 2nd year as well. We initiated that process three months ago and just now received the Agreement from the State. It is a budget adjustment only. The contract dollar amount remains the same.
