The Public Health Department recommends that the Board award the bid for two computers and two printers for the Mother Child Health/Comprehensive Perinatal Care (MCH/CPO) Program to EdTech Computer Services in the amount of $5,826. Although they are not the low bidder, they are local and have a record for providing good service to our department. The difference in bid amount is $6.00.

The Public Health Department recommends that the Board award the bid, for the MCH/CPO Program, for the copier to The Copy Company, in the amount of $6,220. This amount includes the optional Sorter. Although they are not the low bidder, they hold the current contract with the County for maintenance, and have offered to cover the machine for one year free of cost (a savings of $1,440 [$120/mo]). The second bidder is not a licensed Sharp Dealer and cost to provide long term maintenance service may be prohibitive.

The above items were advertised and the bids were opened on May 11, 1993. There were five bids on the Computers/Printers, and two bids on the copier. Copies of the bids are attached and on file at the Public Health Department.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
Pursuant to proper bid procedures, the bids were opened at the appointed time and date at the Public Health Department. Bids were reviewed by the Public Health Department.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
1. Award the bid to another bidder.

*No provision for maintenance agreement
This is a pass through cost from a Fresno Dealer and will be considered a used copier when purchased by the County. Maintenance costs would be .017/copy, minimum of 2,500 copies (1st Year), thru same Fresno Dealer. Bidder's profits are in computers/printers and is "sunk" if the copier only is awarded to them.
