“Every working day, millions of public sector employees go to offices, operate vehicles, repair machines, maintain highways, assist the disadvantaged, enforce our laws, protect the fragile ecology, and perform myriads of services for the public good. Through experience, they know how operations are performed in the most intimate detail. They are at the point of delivery and understand why efforts are successful, as well as when they fail and why they fail. Day in and day out, government workers see opportunities to better service delivery and reduce costs. They have important and vital concepts about improvement that need to be nurtured and encouraged in some systematic manner.” (Employee Innovation and Government Productivity, Downey and Balk, 1976.)

I. PURPOSE

Mariposa County's BRAVO! Award Program is designed to motivate, recognize, and reward exemplary performance that supports the County's desire to increase efficiency and benefit the public. Recognition is an effective method for motivating employees by endorsing their high quality performance in highly visible programs and ceremonies, and helps employees identify which skills and behaviors are of priority value to Mariposa County. The BRAVO! Program is funded by the County of Mariposa and awards under the Program will be made based on budgeted and available funding each fiscal year.

We believe finding the right way to make our employees feel appreciated builds job satisfaction, employee loyalty and longevity. We have a variety of programs available for supervisors and managers to utilize when recognizing employees who go above and beyond, and who exemplify our guiding principles of stellar Customer Service, Cost Savings, Safety, a “Can Do” Attitude, Outstanding Performance Review and Longevity. Our goal is to provide the tools for managers to recognize their employees, and to build a culture of service excellence.
