RESOLUTION - ACTION REQUESTED 2017-217

MEETING: April 18, 2017

TO: The Board of Supervisors

FROM: Mike Healy, Interim Public Works Director

RE: Approve an Agreement with Willdan Eng. for Bridge Preventive Maintenance Phase II

RECOMMENDATION AND JUSTIFICATION:
Approve an Agreement with Willdan Engineering for Engineering Consulting Services for the Phase II Bridge Preventive Maintenance Project in an amount Not-To-Exceed $446,000; and Authorize the Board of Supervisors Chair to Sign the Agreement.

Willdan Engineering will provide Project Management, Environmental Review, Engineering Design, Bid Assistance, and Construction Support for the project.

Staff has prepared the necessary Federal documents to Request Fund Authorization (RFA) for eleven (11) bridges under Phase II, with minimal environmental review, for which the E-76 (attached) was approved to commence the project.

This project is Federally funded - 88.53%, with a match money of 11.47% from the County of Mariposa.

The Federal Highway Administration (FHWA) administers the BPMP under the Federal Highway Bridge Program as part of the current Federal Transportation Bill, MAP-21. Caltrans Local Assistance manages the program in the State of California.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board recently approved the Program Supplement Agreement form Caltrans for funds, per Resolution 2017-102.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The Board could chose not to approve the award. Resulting in the County's Bridge Maintenance Program being aborted and the funds disencumbered and/or de-obligated.

FINANCIAL IMPACT:
Sufficient funds are available to fund the 11.47% local share associated with this project grant.

WITNESSETH:

1. TERM

SERVICES OPTION: The term of this Agreement shall commence on April 11, 2017 and terminate on December 31, 2019 unless extended as provided by this Agreement.

2. SERVICES

Contractor shall perform a Bridge Preventive Maintenance Program – Phase I as described in Exhibit A, "Scope of Work," which is attached hereto and incorporated herein by reference. Contractor shall provide all staffing and materials necessary to perform the Scope of Work. Contractor shall also comply with the requirements set forth in "Addendum for Federally Funded Projects below $1,000,000" which is attached hereto and incorporated herein by reference.

3. COMPENSATION

SERVICES OPTION: Contractor shall be compensated for services performed in an amount not to exceed $446,000.00. The Contractor’s hourly rates are listed in Exhibit C, "Cost Proposal." The County shall pay Contractor within thirty (30) days of receipt of an approved invoice.

4. INSURANCE

Contractor shall procure and maintain for the duration of the agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, or employees.

A. MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

(1) Commercial General Liability (CGL): Insurance Services Office (ISO)Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations,
property damage, bodily injury and personal and advertising injury with limits no less than $2,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

(2) Automobile Liability: ISO Form Number CA 00 01 covering any auto, (Code 1), or if Contractor has no owned autos, hired (Code 8) and non-owned autos (Code 9), with limits no less than $1,000,000 per accident for bodily injury and property damage.

(3) Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than $2,000,000 per accident for bodily injury or disease.

(4) Professional Liability (Errors and Omissions) Insurance appropriate to the Contractor's profession, with limit no less than $1,000,000 per occurrence or claim, $2,000,000 aggregate. If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

B. OTHER INSURANCE PROVISIONS

The insurance policies are to contain, or be endorsed to contain, the following provision:

(1) Additional Insured Status: The County, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 forms if a later edition is used).

(2) Primary Coverage: For any claims related to this Agreement, the Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

(3) Notice of Cancellation: Each insurance policy required above shall state that coverage shall not be canceled, except with notice to the County.

(4) Waiver of Subrogation: Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractor may acquire against the County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.
(5) Deductibles and Self-Insured Retentions: Any deductibles or self-insured retentions must be declared to and approved by the County. The County may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

(6) Acceptability of Insurers: Insurance is to be placed with insurers with a current A.M. Best’s rating of no less than A: VII, unless otherwise acceptable to the County.

(7) Verification of Coverage: Contractor shall furnish the County with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the County before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor’s obligation to provide them. The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

(8) Subcontractors: Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.

(9) Special Risks or Circumstances: County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

5. HOLD HARMLESS/INDEMNIFICATION

To the fullest extent permitted by law, Contractor shall hold harmless, defend at its own expense, and indemnify County its officers, employees, agents, and volunteers, against any and all liability, claims, losses, damages, or expenses, including reasonable attorney’s fees, arising from all acts or omissions to act of contractor or its officers, agents, or employees in rendering services under this contract; excluding, however, such liability, claims, losses, damages, or expenses arising from Entity’s sole negligence or willful acts.

6. INDEPENDENT CONTRACTOR

It is the expressed intention of the parties that Contractor is an independent contractor and not an employee, agent, joint venturer or partner of County. Nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee between County and Contractor or any employee or agent of Contractor. Both parties acknowledge that Contractor is not an employee for state or federal tax purposes. Contractor shall retain the right to perform services for others during the term of this Agreement.

7. PUBLIC EMPLOYEES RETIREMENT SYSTEM (CALPERS)

In the event that Contractor or any employee, agent, or subcontractor of Contractor providing services under this Agreement is determined by a court of competent jurisdiction or the Public
Employees Retirement System (CalPERS) to be eligible for enrollment in CalPERS as an employee of the County, Contractor shall indemnify, defend, and hold harmless County for the payment of any employee and/or employer contributions for CalPERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of County.

8. STATE AND FEDERAL TAXES

As Contractor is not County’s employee, Contractor is responsible for paying all required state and federal taxes. In particular:

a. County will not withhold FICA (Social Security) from Contractor’s payments;
b. County will not make state or federal unemployment insurance contributions on behalf of Contractor;
c. County will not withhold state or federal income tax from payment to Contractor;

In this event, the County shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement. Contractor’s assumption of risk of possible non-appropriation is part of the consideration for this Agreement. County budget decisions are subject to the discretion of the Board of Supervisors.

Bridge Preventive Maintenance Program - Phase 2 Scope  
(Bridges with Typical Environmental Reviews – 11 EA)

The County is responsible for the maintenance of approximately 53 vehicle bridges. In August 2014, the County contracted with Willdan Engineering (Willdan) to prepare a list of bridges and work items that could be funded under the Federal Highway Bridge Program’s Preventive Maintenance Program (BPMP). This resulted in the identification of preventative maintenance work for 25 of the County's bridges. The preventive maintenance work is intended to extend the life of the bridges and avoid or delay costlier rehabilitation or replacement projects in the future.

The County has received a proposal from Willdan Engineering for the next phase of the implementation of the County’s BPMP. This phase is completion of the Preliminary Engineering (PE) phase as identified in the Caltrans Local Assistance Procedures Manual (LAPM). The PE phase consists of environmental studies, NEPA and CEQA document completion, preliminary design, final design and permits. The proposal describes how Willdan and its subconsultant will accomplish the PE phase for the County. Willdan and their subconsultant, Sycamore Environmental Consultants, Inc. (Sycamore), will work with Caltrans District 10 to establish the most streamlined project delivery and NEPA compliance requirements for the delivery of these bridge preventive maintenance work items.

Willdan’s proposal separates the bridges into two groups (Phase 1 and Phase 2) to streamline the delivery of the BPMP work for construction. Fourteen bridges are in Phase 1 “minimal environmental” work group. This group does not need to perform in-channel work as part of preventative maintenance activities. As a result, these bridges do not require the same level of environmental technical studies. Eleven bridges are in Phase 2 that requires the typical suite of environmental technical studies for repair or rehabilitation projects which require in-channel work. The grouping will allow the County to quickly deliver over half the bridges through the environmental and design phases and into construction.

All work processes and products will be completed in strict accordance with the most recent version of Caltrans Local Assistance Procedures Manual as necessary to secure project authorization from Caltrans/FHWA for the Bridge Preventive Maintenance Program. In addition, the project will conform with state and federal design and environmental standards.

All work products are subject to review and approval by the County. As such, all deliverables will be provided to the County in draft and final versions. The County’s comments on draft submittals shall be addressed by Willdan and incorporated into the final submittal where appropriate.

The following is a summary of the costs and associated tasks for completing the plans, specifications, and estimates (PS&E) for the 11 bridges in Phase 2 with the typical amount of required environmental required as necessary to complete the BPMP work:
