RECOMMENDED ACTION AND JUSTIFICATION:
Appropriation of an additional $1500.00 for the vertebrate pest control program from General Fund - Unanticipated Revenue to Account No. 019-430-2-040.

With another drought year in sight, rodent control costs/requests will be high, requiring more inventory to supply the demand. Current funds are insufficient to keep up with the demand and the inventory is almost completely depleted.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
This account has varied in the past according to supply and demand. In FY 1988/89, $3,828 worth of control materials were sold. As of 12/89, $3,806 worth of materials have been sold this FY 1989/90—over $1000 over the anticipated revenue figure of $2800—leaving almost no inventory. The original appropriation was $3600 for this year and has proved insufficient due to the high demand.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
If no increased appropriation is made, we will be unable to meet the public's requests for control materials once the inventory is used up and the remaining funds in account no. 019-430-2-040 depleted.
