RECOMMENDED ACTION AND JUSTIFICATION: Adoption of a resolution of intention to initiate proceedings to amend the General Plan Land Use Map and County Zoning Maps and modify the land use classifications and zoning districts on the properties shown in the attached exhibits to the Agricultural Exclusive or Mountain Preserve land uses or zones. This recommendation is based on the following: 1) The properties are or will be located in the Agricultural Reserve Land Conservation (Williamson) Act contracts have been or will be executed on the properties; 2) the properties are required by State law and County policy to be placed in the Agricultural Exclusive or Mountain Preserve land uses and zones; and 3) the amendments will bring the properties into compliance with State law and County policy and prohibit divisions into parcels less than 160 acres.

The Board previously executed LCA contracts on the properties but did not require the property owners at the time of the contract to rezone the properties.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Alternatives—1) Take no action; 2) continue matter for additional discussion.

Negative action would result in properties remaining in existing land use and zone and potentially allow for possible division of parcels to 40 acres.

SPECIAL INSTRUCTIONS:
List the attachments and number the pages consecutively:
1) Exhibits showing property locations
2) Memo

MEMORANDUM

TO: MARIPOSA COUNTY BOARD OF SUPERVISORS

FROM: DUANE HALL, ASSOCIATE PLANNER

SUBJECT: GENERAL PLAN/ZONING AMENDMENTS FOR PROPERTY IN THE LAND CONSERVATION (WILLIAMSON) ACT

RECOMMENDATION

Staff recommends the Board of Supervisors adopt a resolution of intention initiating amendments to the General Plan Land Use Map and County Zoning Maps for those properties shown in the attached exhibits. The amendments would modify the land use classifications and zoning districts on the properties to the Agricultural Exclusive land use and zone.

DISCUSSION

The Board of Supervisors has placed the properties shown in Exhibits A to G in the Agricultural Preserve and executed Land Conservation (Williamson) Act contracts on them. At the time the agricultural preserve applications were approved, the properties were located in the Mountain General land use and Unclassified Zone. It was stated by the County at that time the properties would be reclassified and rezoned to Agricultural Exclusive in order to be consistent with the County Agricultural Preserve Policy and the Land Conservation Act. The property owners were not required to initiate the amendments, and it was stated the amendments would be initiated by the County. However, the County has not yet initiated the amendments, and the properties are located in the Mountain General land use and zone. The properties are not consistent with the Agricultural Preserve Policy and Land Conservation Act, and in addition, there are no specific provisions in the Land Conservation Act or County policy and standards which specifically prohibit the division of LCA property into parcels of 40 acres or larger unless the property is located in the
Agricultural Exclusive land use. As such, staff recommends the Board initiate the general plan/zoning amendments on the properties in order to bring the properties into compliance and prohibit potential 40-acre divisions of the property.

The property shown in Exhibit H is located in the Mountain Home land use and zone and is being considered for inclusion in the Agricultural Preserve at the Board's December 18th meeting (Agricultural Preserve Application No. 90-5; Jack Kirk and Myra Kirk-Goode, applicants). If the application is approved, staff recommends that the County include this property with the other County-initiated amendments for the same reasons stated above.

The following table provides the assessors parcel number, LCA contract number, size, and existing land use of the subject properties:
