RESOLUTION - ACTION REQUESTED 2017-479

MEETING: July 18, 2017

TO: The Board of Supervisors

FROM: Steve Johnson, Human Resources Director - Risk Manager

RE: Amend Library Assistant I/II and Sr Library Assistant Class Specs

RECOMMENDATION AND JUSTIFICATION:
Approve amendments to the Library Assistant I/II and Senior Library Assistant classification specifications effective immediately. Language was added to the "Essential Functions" section of each class spec that indicates an incumbent in each of these positions may provide hands-on support in the maintenance of Internet services and computer equipment used in the Library system. In addition, an incumbent may be tasked with coordinating the maintenance of the on-line computer operating system.

More than ever, free public access to computers in the Library requires incumbent Library Assistants to assist patrons with computer usage. On occasion, there is a need for troubleshooting problems that may arise with Internet services or the equipment itself. If assigned, a Library Assistant will be tasked with providing this support when needed.

Additionally, language was added to the "Definition" section of the Senior Library Assistant class spec to include that the incumbent Senior Library Assistant may need to participate in professional meetings, workshops, and conferences when requested.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
From time to time, requests to amend class specs are approved by the Board of Supervisors.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve as recommended; amend the class specs as the Board desires and approve.
