RESOLUTION - ACTION REQUESTED 2019-726

MEETING: December 17, 2019

TO: The Board of Supervisors

FROM: Chevon Kothari, Health and Human Services Director

RE: Approval of Agreement with Stericycle to Provide Hazardous Drug Disposal Service

RECOMMENDATION AND JUSTIFICATION

Approve a Five-Year Agreement with Stericycle to Provide Hazardous Drug Disposal Services in Effect from December 1, 2019 through November 30, 2024; and Authorize the Board of Supervisors Chair to Sign the Agreement.

Stericycle specializes in providing drug disposal services for smaller healthcare facilities and will collaborate with the Health Services division within County of Mariposa Health and Human Services Agency (HHSA) to implement a program for designated work sites that require such services.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

Board of Supervisors has no prior history with Stericycle.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Failure to approve the agreement would make it extremely difficult for HHSA to meet federal, state, and local environmental health regulations regarding hazardous drug disposal procedures for healthcare facilities.

FINANCIAL IMPACT:

Revenue and corresponding appropriations are included in the Fiscal Year 2019-2020 001-0401 Budget.

ATTACHMENTS:

Stericycle Agreement 2019 thru 2024 - Wcsignature v2 (PDF)

RESULT: ADOPTED [UNANIMOUS]

MOVER: Kevin Cann, District IV Supervisor

SECONDER: Marshall Long, District III Supervisor

AYES: Smallcombe, Jones, Long, Cann, Menetrey
Service Agreement
Effective Date 12-1-2019 between Stericycle, Inc and Mariposa County Health and Hum

TERMS AND CONDITIONS

Stericycle, Inc., a Delaware corporation, with offices at 28161 N. Keith Drive, Lake Forest, IL 60045 (collectively, “Stericycle”), and Maricopa County Health and Human with offices at PO Box 5, Maricopa, CA 953380005 (“Customer”), hereby enter into and agree as provided in this Services Agreement (the “Agreement”) dated as of the 1 day of December, 2019 (the “Effective Date”).

1. Services. (a) Stericycle will provide Customer the services set forth on page 1 of this Agreement (the “Services”) which are incorporated herein and made a part of this Agreement. (b) Customer shall be liable for and shall indemnify, defend and hold harmless Stericycle from and against all demands, claims, actions, losses, damages, and expenses, including reasonable attorney fees resulting from any Non-Comforming Waste (defined below) or Customer’s failure to properly store, package, label, or segregate RMW. (c) All lab wastes or materials that contain or have the potential to contain infectious substances arising from any agents listed under 42 CFR 72.3 are prohibited from inclusion among RMW to be collected and must be treated by Customer prior to disposal. (d) Vendor version of the Stericycle Waste Acceptance Policy (“WAP”) is attached. Stericycle may periodically update the WAP. (e) During the Term, Stericycle shall be the exclusive provider of the Services to Customer at all of its locations, and Customer shall use no other RMW disposal service, method or service provider, whether at the service location(s) set forth herein or at any other current or future location(s) of Customer. As used herein, “Non-Comforming Waste” means any substance, waste or container that is excluded, not accepted or non-comforming under the WAP or otherwise cannot be accepted by Stericycle under any applicable law, rule or regulation. (e) Stericycle may bill additional charges for each non-compliant container (overweight, overpack, mislabeled, wm1, or services or regulations); each exceeding 50 lbs; containers holding non-comforming waste; and containers where the waste is improperly segregated or packaged) provided by Customer.

2. Term of this Agreement. (a) The initial term of this Agreement (the “Initial Term”) will begin on the Effective Date set forth above and continue for 60 months. This Agreement will automatically renew for successive terms of Month to Month (each, an “Extension Term”), unless either party gives the other party at least 60 days’ written notice, prior to the renewal date, of its request to terminate this Agreement. The Initial Term and each Extension Term, if any, are collectively referred to as the “Term.” (b) Upon the expiration or termination of this Agreement, Customer shall pay Stericycle all amounts due for services rendered and products provided prior to the expiration or termination (and any other amounts due to Stericycle, which may include a final pickup fee). (c) Stericycle shall have the right to retrieve its Equipment (defined below) from Customer whenever needed.

3. Pricing. Customer shall pay to Stericycle the service fees set forth on page 1 (“Service Fees”). Stericycle may adjust the Service Fees to cover non-controllable costs, including but not limited to taxes, fuel and regulatory fees annually in accordance with the percentage listed on page 1.

4. Payment Terms. Customer shall pay in full each Stericycle invoice within 30 days of the date of such invoice. Any invoiced amounts not received by Stericycle within that timeframe will be subject to an interest charge of 1.5% per month (or the maximum amount allowed by law). Customer shall reimburse Stericycle for all costs that it incurs in collecting overdue amounts from Customer, including, without limitation, any attorneys, collection services and interest charges collection fees, if any). Customer shall also pay all taxes imposed by any governmental authority with respect to the purchase of any services and products hereunder, including all sales, use, excise, occupation, franchise and similar taxes and tax-like fees and charges (but excluding all taxes on Stericycle’s net income). Stericycle will cooperate Customer to determine the applicability of exemption certificates, if any, that Customer provides in a timely manner to Stericycle.

5. Early Termination. In the event that Customer terminates this Agreement prior to the expiration of the Term other than as set forth in Section 6, Customer shall promptly pay Stericycle (a) all unpaid invoices and any late charges thereon; and (b) an amount equal to 50% of Customer’s average monthly charge multiplied by the number of months (excluding any partial months) remaining until the expiration date of the Term.

6. Default and Early Termination for Cause. Either party may immediately terminate this Agreement, in whole or in part, upon written notice to the other party if the other party breaches any material provision of this Agreement and fails to cure such breach within thirty (30) days following receipt of written notice of such breach. Documented service or performance deficiencies by Stericycle or nonpayment by Customer of amounts rightfully owed to Stericycle or Customer’s failure to comply with Stericycle policies related to the Services shall constitute a material breach.

7. Limitation of Liability. In no event shall either party be liable for any indirect, incidental, exemplary, punitive, special, consequential or exemplary damages, or lost profits, lost revenue, lost business opportunities or the cost of substitute items or services or under or in connection with this Agreement.

8. Compliance Materials; Confidentiality. To the extent that Stericycle provides Customer with electronic or printed materials (“Compliance Materials” or “CM”), it provides these subject to a limited license to Customer for its own, non-commercial use. Stericycle may revoke this license at any time. Customer may not copy or distribute Compliance Materials or use or republish Compliance Materials for or to any third party or audience. Stericycle agrees to return all Compliance Materials to Stericycle at Customer’s expense at the expiration or termination of this Agreement. Stericycle may charge Customer a fee for failure to return Compliance Materials. Customer agrees not to disclose to any third parties Stericycle pricing, policies and procedures.

9. Compliance with Laws and Policies. Each party shall comply with all laws, rules and regulations applicable to its performance hereunder. Stericycle and Customer shall keep adequate books, records and documentation as required by all applicable laws, rules, and regulations pertaining to storage or handling of RMW and the Services hereunder. Customer shall comply with the WAP applicable to the Services hereunder.

10. Excuse of Performance. Neither party will be responsible if its performance of any act(s) required hereunder (other than the payment of any amounts due) is interrupted or delayed due to any reason beyond its reasonable control.

11. Equipment. Customer shall have the care, custody and control of any containers and other equipment owned by Stericycle and placed at Customer’s premises (“Equipment”) and accepts responsibility and liability for the Equipment and its contents. Any damage or loss to such equipment, other than that caused by the act or omission of Stericycle, shall be borne by Customer.

12. Waste Brokers. Stericycle reserves the right to dispose of RMW with any third party and not with any third party agents of the Customer for all purposes relating to this Agreement. Customer represents and warrants to Stericycle that it is the medical waste generator and is acting for its own account and not through a Waste Broker or agent. Stericycle reserves the right to terminate this agreement and seek all available legal remedies, including but not limited to liquidated damages, in the amount set forth herein for Customer’s breach of this representation and warranty.

13. Miscellaneous. (a) This Agreement constitutes the entire agreement between the parties relating to the subject matter of this Agreement and supersedes any prior agreements and arrangements between the parties. (b) This Agreement may be modified only by a written amendment signed by an authorized representative of each party. (c) This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, legal representatives and heirs; provided, however, that Customer may not assign its rights or delegate its obligations under this Agreement without the prior written consent of Stericycle. (d) Stericycle’s relationship with Customer is that of an independent contractor, and nothing in this Agreement shall be construed to designate Stericycle as an employee, agent, or partner of or of a joint venture with Customer. (e) Any dispute arising in connection with or relating to this Agreement or between the parties (“Disputes”) that the parties are unable to resolve informally, such as via discussion and negotiation between the parties, shall be handled by the Office of Dispute Resolution before the American Arbitration Association (“AAA”), conducted pursuant to the Federal Arbitration Act (as the parties acknowledge that the services provided involve interstate commerce). All Disputes will be determined on an individual basis (and not as a class member or in any purported class or representative capacity, considered unique as to its facts, and shall not be consolidated in any arbitration or other proceeding with any claim or controversy of any other party, and the arbitrator or trier of fact shall not preside over any form of representative or class proceeding. The exclusive jurisdiction and forum for resolution of any Dispute shall be by arbitration, which shall take place in the state where Customer is located at the closest AAA office. (f) The failure of either party to insist upon the performance of any provision hereof, or to exercise any right granted under any provision hereof, will not be construed as waiving that provision or any other provision, and the provision will continue in full force and effect. (g) No term or condition contained in a Customer purchase order or any other invoice acknowledgment shall be binding upon Stericycle unless agreed to by Stericycle in writing. (h) Each provision of this Agreement must be interpreted in a way that is valid under applicable law. If any provision is held invalid, the rest of the Agreement will remain in full force and effect. (i) The failure of either party to insist upon the performance of any provision hereof, or to exercise any right granted under any provision hereof, will not be construed as waiving that provision or any other provision, and the provision will continue in full force and effect. All waivers must be in writing and signed by the party waiving its rights. (j) Except as otherwise set forth herein, this Agreement shall be interpreted by and construed in accordance with the laws of the State of Illinois, without regard to the conflict of law provisions.
Regulated Medical Waste Acceptance Policy

Stericycle policy requires compliance with all applicable regulations regarding the collection, transportation and treatment of regulated medical waste. Federal Department of Transportation (DOT) Regulations require the generator of regulated medical waste to certify that the packaging and documentation of transported regulated medical waste complies with DOT regulations regarding waste classification, packaging, labeling and shipping documentation. To ensure that neither Stericycle nor the generator of regulated medical waste violates applicable regulations, it is imperative that all parties understand the rules regarding proper identification, classification, segregation and packaging of regulated medical waste. The purpose of this policy is to summarize the minimum requirements for preparing your medical waste for collection, transportation and treatment. Additional facility or state-specific waste acceptance policies may apply based on permit specifications. Please contact your local representative for further information or email customercare@stericycle.com.

REGULATED MEDICAL WASTE
Stericycle accepts medical waste generated in a broad range of medical, diagnostic, therapeutic and research activities. The term “medical waste” includes biohazardous, biomedical, infectious or regulated medical waste as defined under federal, state or local laws, rules, regulations and guidelines. Except as defined by specific state regulations, this excludes RCRA hazardous waste pharmaceuticals. All DEAs scheduled drugs including controlled substances, bulk chemotherapy, waste containing mercury or other heavy metals, batteries of any type, caustic, non-infectious dental waste, chemicals such as solvents, reagents, corrosives or ignitable materials classified as hazardous waste under Federal and State EPA Regulations. In addition, Stericycle cannot accept bulk liquids, radioactive materials, or complete human remains (including heads, full torsos and fetuses). Stericycle cannot accept these excluded materials packaged as regulated medical waste. All lab wastes or materials which contain or have the potential to contain infectious substances arising from those agents listed under 42 CFR Part 73 (HHS), 7 CFR Part 331 (USDA-Plant Protection and Quarantine), and 9 CFR Part 121 (USDA-Veterinary Services) are strictly prohibited from medical waste by federal law and must be pretreated prior to disposal. Separate protocol and packaging requirements apply for the disposal of non-hazardous pharmaceuticals. Hazardous waste transportation services may be offered in certain geographical locations, under separate contract. Please contact your local representative for details and packaging specifications.

*Un-dispensed from DEA Registrant

WASTE SEGREGATION AND PACKAGING
The generator is solely responsible for properly segregating, packaging and labeling of regulated medical waste. Proper segregation and packaging reduces the potential for accidental release of the contents and exposure to employees and the general public. DOT regulations require (49 CFR 173.197) that all packages of regulated medical waste be prepared for transport in containers meeting the following requirements: 1) rigid; 2) leak resistant; 3) impervious to moisture; 4) of sufficient strength to prevent tearing or bursting under normal conditions of use and handling; 5) sealed to prevent leakage during transport; and 6) puncture resistant for sharps. All regulated medical waste must be accompanied by a properly completed shipping document (See 49 CFR 172.202).

MANAGEMENT OF NON-CONFORMING WASTE
As required by regulation and company policy, Stericycle employees may refuse containers that are non-conforming because of their contents or are improperly packaged, leaking, damaged or likely to create a risk of exposure to employees or the general public. Any waste found to be non-conforming to this Waste Acceptance Policy identified in route to, or at a Stericycle location, may be returned to the generator for proper packaging and disposal, or may be routed for appropriate destruction; this may include improperly marked regulated medical waste which should have been identified for incineration (i.e. pathological, chemotherapy or non-hazardous pharmaceuticals). Proper segregation and packaging is essential to ensure compliant and safe handling, collection, transportation and treatment of regulated medical waste.

STERICYCLE REGULATED MEDICAL WASTE ACCEPTANCE POLICY CHECKLIST

<table>
<thead>
<tr>
<th>ACCEPTED REGULATED MEDICAL WASTE</th>
<th>OTHER REGULATED MEDICAL WASTES NOT ACCEPTED AS REGULATED MEDICAL WASTE BY STERICYCLE</th>

Biohazardous Regulated Medical Waste Disposal
- Safe, compliant collection, transport and treatment of regulated medical waste.
- Access to DOT and biohazardous training on MyStericycle.com, our convenient online customer portal.

RELATED SERVICES:
Secure pick-up of Fixer/Developer – Photo Processing Disposal Service
- Treatment and disposal of x-ray fixer/developer containing silver or hydroquinone.
- This service is available in CA and parts of CT, MA, NH, RI, VT, NJ and NY.

Secure pick-up of Pathological/Trace Chemotherapy Disposal Service
- Treatment and disposal of infectious waste or discarded items that have been contaminated by trace amounts of chemotherapeutic, cytotoxic or antineoplastic pharmaceuticals.

Regulated Medical Waste – Transactional
- Containers, manifests, collection, transport, treatment and disposal of all regulated medical waste (except non-conforming waste) on an on-call basis.

Stericycle Reusable Sharps Program
- Our Sharps Management Service utilizes reusable sharps containers to streamline the collection and disposal of sharps in your facility. A Stericycle driver will pick up your packaged, full sharps containers and provide clean ones for continued use.
- Each reusable container can be utilized up to 600 times. Our service reduces plastic going into landfills and helps avoid utilizing natural resources to create new containers.
- Easy-to-use container design allows for single-handed disposal of sharps. The container base is transparent making it easy to see the fill line and prevent overfilling to reduce needlestick injuries.

Steri•Safe™ OSHA Compliance Solutions
- Award-winning bloodborne pathogens training*, available online in English and Spanish. Our Online Training Center provides tracking and reporting.
- Simple, automated Safety Plan Builder to help you stay compliant and access to over 10 million Safety Data Sheets to easily create a customized online binder.
- Preferred level services include annual on-site training, mock OSHA inspection and a dedicated Healthcare Compliance Educator. We also provide a No Fine, No Fail, OSHA Guarantee.
- Enjoy a 10% discount on Healthcare Products.

Steri•Safe™ HIPAA Compliance Solutions
- Critical training including HIPAA privacy, security and social media.
- Easy-to-use HIPAA privacy and security risk assessments.
- Preferred level services include annual on-site HIPAA privacy and security gap analysis and trainings.

*2016 Bronze Telly Award for our bloodborne pathogens training in the category of Non-Broadcast Productions – Health and Wellness.

We protect what matters.
Pharmaceutical Waste Disposal

Drum Disposal Service
- Treatment and disposal of non-hazardous pharmaceutical waste. This includes pharmaceutical and over-the-counter drug products that do not fall under the definition of hazardous pharmaceutical waste.
- Environmentally-friendly solutions to protect your communities and waterways.

Hazardous Drug Disposal Service
- Treatment and disposal of pharmaceuticals that either exhibit characteristics that make them a hazardous waste or that are specifically listed as a hazardous waste by EPA or state authorities.
- We provide you with a Pharmaceutical Waste Identification Checklist.

Seal&Send™ Controlled Substance Envelopes
- Seal&Send controlled substance mailback envelopes are for use only by patients/end-users; 50 envelopes per location annually.

CsRx™ Controlled Substance Waste Service
- This solution is designed to help small hospitals and non-acute care facilities prevent diversion when disposing of controlled substances in the form of tablets, capsules, liquids and patches.
- Mitigates the risk of diversion when disposing of controlled substance waste in your facilities.
- This solution provides peace of mind that your controlled substance waste will be processed with total security and compliance.

We protect what matters.
