MEETING: July 21, 2020

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Authorize Ferguson Slide Contractor Rock Price Agreement for Solid Waste

RECOMMENDATION AND JUSTIFICATION:
Authorize the Acceptance of Ferguson Slide Material 3" +/- Rock and Accept the Negotiated Rates for Disposal at the Landfill in Accordance with the Terms of the Attached Letter.

As in the past the County Landfill has accepted clean reusable rock material at the landfill from the contractor working on the Ferguson Slide Project. The contractor will crush the rock to a pre-negotiated size clean material state and dump at the Landfill at an established rate as detailed in the attached letter of agreement. Both the Landfill and other County Operations have found this material desirable for many County maintenance purposes which is why we recommend a reduced rate as it saves us from purchasing this material from other sources.

In the past this material has been sold to the Roads Department for use on various projects which also generated revenue for the Landfill and has been reliable source of rock material especially during flood emergencies when rock materials from other sources are sparse.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has approved the acceptance of this material in conjunction with the Ferguson Slide Project in the past.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The County will be unable to gain this revenue source for the landfill and this desirable material will go to another landfill or sold to contractors should this action not be approved.

FINANCIAL IMPACT:
There is no negative impact to this item.

County of Mariposa
Department of Public Works
4639 Ben Hur Road
Mariposa, CA 95338

ATTN: Samuel Cerveny

Myers/RLW proposes to pay the County of Mariposa $4.12 per load for rock disposal. We will crush the rock at 3” +/- before it becomes property of the County. We estimate we will have 7,950 Loads (147,000 tons) of material.

Please contact me if you have any questions.
