RESOLUTION - ACTION REQUESTED 2020-614

MEETING: October 13, 2020

TO: The Board of Supervisors

FROM: Mike Healy, Public Works Director

RE: Approve an Agreement with Dewberry for Environmental Engineering for the Ben Hur Road Storm Repair

RECOMMENDATION AND JUSTIFICATION:
Approve an Agreement with Dewberry for Environmental Technical Studies for Storm Damage Repairs on Ben Hur Road in an Amount Not to Exceed $23,867.74; and Authorize the Board of Supervisors Chair to Sign the Agreement.

The Scope of Work includes preparation of a Natural Environmental Study (NES) - Minimal Impact, a Historic Property Survey Report (HPSR) and an Archaeological Survey Report (ASR).

The road damage is the result of the 2017 Storm Damage Declared a State Disaster per Damage Assessment Form (DAF) #KCB-MPACD-001-0, Disaster Number 17-2.

Environmental Engineering is a requirement by Caltrans in order to complete the overall project and receive funding reimbursement for the construction work recently completed.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board has traditionally approved required Environmental Engineering contracts where necessary on Roads Projects.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve, and the project will be unable to move forward thus eliminating the opportunity for reimbursement.

FINANCIAL IMPACT:
None, this is a FHWA Storm Funded Project Project, any local share portion will be paid by appropriated roads funds.
