MEETING: November 23, 2021

TO: The Board of Supervisors

FROM: Jeremy Briese, Sheriff

RE: 1st Amendment to JBCT Services Agreement with the Department of State Hospitals

RECOMMENDATION AND JUSTIFICATION:
Approve the 1st amendment to the JBCT Services Agreement with the Department of State Hospitals to correct an incidental error ensuring the term start date is August 1, 2021, through July 31, 2024; and authorize the Board of Supervisors chair to sign the amendment.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board approved the agreement with the Department of State Hospitals on October 7, 2021 by Resolution 2021-537.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
If the amendment to the contract is not approved, inmates deemed Incompetent to Stand Trial will likely spend a longer period of time incarcerated, being left untreated, as they wait for bed space in a State Hospital.

FINANCIAL IMPACT:
This JBCT Grant Agreement from the Department of State Hospitals will pay for the costs of the program. There is no negative impact to the County General Fund.

5. PROGRAM IMPLEMENTATION FUNDS:

A. The DSH shall reimburse Contractor for initial program implementation costs incurred under this Agreement. The implementation costs shall include, but are not limited to:
   i. Initial setup of patient rooms as well as treatment and office space;
   ii. Initial administrative operating expenses and equipment;
   iii. Development of an operational clinical Policy and Procedure Manual; and
   iv. Orientation and training time for new staff on clinical operations, policies, and procedures.

6. SUMMARY OF WORK TO BE PERFORMED:

A. Contractor shall provide access to portions of its MCADF for the purposes of administering a Jail-Based Competency Treatment (JBCT) program for the provision of restoration of competency treatment services for male and female individuals, hereafter referred to as “Patient Inmates,” found by the courts to be Incompetent to Stand Trial (IST) under Penal Code section 1370. Contractor shall provide restoration of competency treatment services to felony IST Patient Inmates participating in the JBCT program pursuant to the DSH JBCT Policy and Procedures Manual.

7. CONTRACTOR RESPONSIBILITIES:

A. In providing restoration of competency treatment services, Contractor shall adhere to the program outlines contained in Exhibit A-1, Program Elements and the DSH JBCT Policy and Procedures Manual, hereafter referred to as the “Manual.” Contractor acknowledges it has received a copy of the Manual and has had an opportunity to review the terms and conditions of the Manual and consult with independent counsel. Contractor agrees to the terms and conditions of the Manual and that the terms and conditions of the Manual are incorporated into this Agreement by reference. The meanings of the terms and requirements in this Agreement, unless otherwise defined in this Agreement, are defined in the Manual. In the event of an inconsistency between the Manual, attachments, specifications, or provisions which constitute this Agreement, the following order of precedence shall apply:
   i. DSH JBCT Policy and Procedures Manual (the “Manual”);
   ii. Standard Agreement, STD. 213;
   iii. This Exhibit A, Scope of Work, including specifications incorporated by reference; and
   iv. All attachments incorporated in this Agreement by reference.
The Manual, as referenced in this Agreement, may be amended by the DSH from time to time. Contractor shall operate the JBCT program in accordance with the Manual, including any future amendments to the Manual. From the effective date of any amendment, Contractor shall follow the amendments required by any change in California statute or regulation. For all other amendments, Contractor shall present any of Contractor’s concerns to the DSH within 10 business days from the date of notification, which does not relieve Contractor from adhering to any amendment, unless agreed upon in writing by the DSH. The DSH and Contractor shall negotiate, in good faith, changes to the Manual.

B. Contractor shall ensure that a preliminary evaluation of each potential JBCT Patient Inmate is conducted through, at a minimum, a review of the medical and mental health records of each prospective Patient Inmate, prior to admission into the JBCT program.

i. Contractor shall ensure that priority for admissions to the JBCT program shall be based on commitment date, unless an exception is made based on one of the factors listed in California Code of Regulations (CCR), Title 9, Section 4710. In the event multiple felony IST defendants have the same commitment date, admission shall be scheduled based on the availability of the committing county to transport the defendants.

ii. Upon admission into the JBCT program, Contractor shall ensure that a more thorough assessment is conducted as indicated in Exhibit A-1, Program Elements, and the DSH JBCT Policy and Procedures Manual.

C. Patient Inmates housed at the MCADF shall remain under the legal and physical custody of Contractor.

D. Should Contractor determine, based on clinical considerations, patient history, or other factors, that a current or potential Patient Inmate is, or likely shall be, violent and a significant danger to others participating in the JBCT program, Contractor shall inform the DSH Contract Manager immediately in writing, and by phone. Contractor agrees that the decision to remove such a Patient Inmate from the JBCT program is at the sole discretion of the DSH, and the DSH shall not unreasonably withhold such permission. In the event a Patient Inmate is removed from the JBCT program, the DSH shall arrange to have such Patient Inmate admitted to a state hospital forthwith as is permitted under the admission requirements set forth in CCR, Title 9, sections 4700, et seq. Contractor shall continue to treat the Patient Inmate in the JBCT program until such arrangements are made. Contractor shall notify the committing court of the Patient Inmate’s pending transfer from the JBCT program to the state hospital.

E. Contractor shall provide for the care, confinement, and security of the Patient Inmates in accordance with all federal and state laws, standards, regulations, policies, procedures, and court orders applicable to the MCADF.

F. Contractor’s custody staff assigned to the JBCT program shall receive Enhanced Mentally Ill Offender or Crisis Intervention Training (CIT) provided by Contractor, and shall participate in the JBCT program treatment team meetings.

G. Responsibilities for Medical Care:

i. Contractor shall provide all Patient Inmates with the full range of Routine Medical Care available to other inmates of the MCADF, and is financially responsible for such care. Contractor agrees that the cost of all Routine Medical Care is included in the per diem rate charged to the DSH.
ii. For the purposes of this Agreement, Routine Medical Care shall be defined as all medical, dental, and mental health care as well as the cost of medical supplies, formulary prescription medications which are provided to Patient Inmates, and restoration of competency treatment services which are provided by the MCADF to Patient Inmates, including prescribed psychotropic medications. Non-formulary prescription medications shall not be provided to Patient Inmates except in conjunction with Non-Routine Medical Care.

iii. For the purposes of this Agreement, Non-Routine Medical Care shall be defined as major medical operations or surgeries (such as heart transplants), continuation of experimental medication, services that cannot be provided onsite at the MCADF, dialysis services, whether onsite or otherwise, and emergency medical care.

iv. If a Patient Inmate requires Non-Routine Medical Care, Contractor shall notify the DSH Contract Manager or designee immediately in writing and by phone for pre-approval. For such patients, the DSH further reserves the right to either admit them to a state hospital for treatment or require Contractor to provide Non-Routine Medical Care. In the event the DSH directs Contractor to provide Non-Routine Medical Care, the DSH shall either direct Contractor to instruct the facility providing care to invoice the committing county, or to invoice the DSH directly for the full cost of care provided by submitting the invoice to the attention of the DSH Contract Manager. Should the DSH elect to require Contractor to provide the Non-Routine Medical Care, Contractor shall ensure that the Patient Inmate is provided care at a facility designated by the DSH Contract Manager, in accordance with the preferences of the committing county.

v. In the event of an emergency, Contractor shall proceed immediately with necessary medical treatment. In the event of such an emergency, the DSH shall either direct Contractor to instruct the facility providing care to invoice the committing county, or to invoice the DSH directly for the full cost of care provided by submitting the invoice to the attention of the DSH Contract Manager. In such an event, Contractor shall notify the DSH immediately regarding the nature of the illness or injury as well as the types of treatment provided. Contractor shall make reasonable efforts to ensure that Patient Inmates are treated at facilities preferred by the committing county or otherwise that, once the Patient Inmate is stable enough for transfer, is transferred to such a facility.

H. For all Routine and Non-Routine Medical Care, Contractor shall be responsible for the security and transportation, including emergency transportation. Contractor agrees that all such costs are included in the per diem rate charged to the DSH.

I. Upon Restoration of Competency:
Contractor shall resume sole responsibility for and all costs associated with continued mental health care, crisis intervention, ongoing counseling and care, and psychotropic medication compliance for the Patient Inmates restored to competence and transferred from the JBCT program.

J. Contractor and its subcontractors shall procure and keep in full force and effect during the term of this Agreement all permits, registrations, and licenses necessary to accomplish the work specified in this Agreement and shall give all notices necessary and incident to the lawful prosecution of the work. Contractor shall provide proof of any such license(s), permits(s), and certificate(s) upon request by the DSH. Contractor agrees that failure by itself or its subcontractors to provide evidence of licensing, permits, or certifications shall constitute a material breach for which the DSH may terminate this Agreement with cause.
K. Contractor shall provide services as outlined in this Agreement. Contractor shall be responsible to fulfill the requirements of this Agreement and shall incur expenses at its own risk and invest sufficient amount of time and capital to fulfill the obligations as contained herein.

L. Contractor and its subcontractors shall keep informed of, observe, comply with, and cause all of its agents and employees to observe and to comply with all prevailing Federal, State, and local laws, and rules and regulations made pursuant to said Federal, State, and local laws which in any way affect the conduct of the work of this Agreement. If any conflict arises between provisions of the plans and specifications and any such law above referred to, then Contractor shall immediately notify the State in writing.

M. This Agreement may be canceled at any time by Contractor, in writing, with 50 days’ advance notice. The DSH may terminate this Agreement pursuant to section 7 of Exhibit C if Contractor or its subcontractors fails to comply with a federal, state, or local law and the noncompliance, based on the facts and circumstances, would constitute a material breach of this Agreement under California law.

8. DSH RESPONSIBILITIES:

A. The DSH shall provide an orientation of the JBCT program to Contractor at the discretion of the DSH. Such orientation shall include an overview of State policies and procedures, the Manual, and appropriate statutes related to the JBCT program.

B. The DSH shall be responsible for the development and design of the Manual concerning JBCT program operations and treatment consistent with state and federal laws and the DSH policies and procedures.

C. Rights of the DSH to Perform Quality Assurance and Financial Audits/Reviews

i. The DSH may routinely evaluate the work performance of Contractor, Contractor's personnel, subcontractors, or other parties associated with Contractor to determine if the DSH standards and departmental policies and procedures are being maintained. If it is found that any party fails to perform or is physically or mentally incapable of providing services as required by this Agreement, then that party shall not perform services for the DSH.

ii. The DSH may monitor and evaluate services provided in fulfillment of the requirements of this Agreement, as detailed in Exhibit A. Such monitoring and evaluation may occur on a regular cycle or as deemed necessary by the Contract Manager. The DSH retains sole and absolute discretion in determining any such evaluation schedule.

iii. Inspections may be conducted by the DSH staff at any time during the Agreement term to check on the quality of work. Payment shall not be provided for services deemed unacceptable by the Contract Manager and/or their designee.

iv. The DSH may audit and examine Contractor’s records and accounts which pertain, directly or indirectly, to services performed under this Agreement. The DSH may hire third parties to perform the audit and examination, including but not limited to, accountants, consultants, or service providers in the applicable field. Contractor shall cooperate fully with the audits and examinations.
v. If, as a result of an audit and examination, the DSH is informed of underpayments or overpayments, the DSH shall notify Contractor of the need for payment or reimbursement. Upon receipt of a final audit report, Contractor has 30 days to reimburse any overpayment or to dispute or challenge the report. Contractor and the DSH shall confer and negotiate in good faith with respect to any disputed portion of the final audit report to reach agreement with respect to adjustments, payments, and reimbursements.

vi. The DSH shall submit its findings to Contractor and establish a deadline for correcting any deficiencies in fulfilling the obligations set forth in this section. Failure by Contractor to timely correct deficiencies shall be reason for termination of services under this Agreement.

9. PERFORMANCE MEASURES:

A. Complete and Timely Provision of Services

i. Expectations: Contractor is expected to provide all services in a timely manner—in accordance with timelines established in this Scope of Work.

ii. Penalties: Should Contractor not provide all services, including any and all required reports in a timely manner, the DSH may choose to terminate this Agreement. Additionally, the DSH may find Contractor to be not responsible in provision of services and evaluate this in future contracting opportunities.

10. AMENDMENTS:

A. The parties reserve the right to amend this Agreement by extending its term for two (2) additional terms of up to one (1) year each, and to add funding sufficient for these periods at the same rates. This right to amend is in addition to the right to amend for other reasons contained in this Agreement or noted in the solicitation that resulted in this agreement, if applicable. Any amendment shall be in writing and signed by both parties, and be approved by the Department of General Services if such approval is required.

Revision 11-18-2020
EXHIBIT A-1
PROGRAM ELEMENTS

1. PROGRAM ELEMENTS

A. Referral Document Collection Prior to Admission

Contractor shall coordinate with the committing court to ensure all required documents listed under Penal Code section 1370, subdivision (a)(3) are provided by the court for all Patient Inmates upon admission. Contractor shall provide copies of these documents to the DSH immediately upon request, no later than 24 hours from receipt of the request. Once the committing county’s felony IST referrals are being managed by the DSH Patient Management Unit (PMU), the PMU shall coordinate with the committing court and provide all required documents to Contractor.

B. Referrals Determined to be Not Suitable for Admission

Should Contractor determine, based on clinical or custodial considerations, that a felony IST referral is not suitable for admission into the JBCT program, Contractor shall inform the DSH Contract Manager and the PMU immediately in writing or by phone. Immediately upon making this determination, Contractor shall provide all required documents listed under Penal Code section 1370, subdivision (a)(3) to the PMU no later than 24 hours. Once the committing county’s felony IST referrals are being managed by the PMU, the transmission of these documents will no longer be required.

C. Removal of Patient Inmates No Longer Clinically Suitable

i. Upon admission, Contractor shall assess each Patient Inmate to ascertain if trial competence is likely and medical issues would not pose a barrier to treatment. At the discretion of the DSH Contract Manager, and if requested in writing, Contractor shall review and agree upon new Patient Inmates being forwarded for admission and/or retention into the JBCT program, which may contraindicate fast-track jail treatment.

ii. Should Contractor determine, based on clinical considerations or other factors, that a Patient Inmate admitted into the JBCT program is no longer clinically suitable for participation in the program, Contractor shall contact the DSH Contract Manager to discuss treatment options. Contractor agrees that the decision to remove such a Patient Inmate from the JBCT program is at the sole discretion of the DSH, and the DSH shall not unreasonably withhold such permission.

iii. Should Contractor and the DSH determine a Patient Inmate should be removed from the JBCT program, Contractor shall continue to provide treatment until arrangements are made to admit the Patient Inmate to a state hospital. Within seven days of making this determination, Contractor shall also provide the following additional documents to the PMU including, but not limited to:

1) Transfer Notification Letter;
2) Court Reports, if due or submitted;
3) 90-Day Progress Report, if due or submitted;

D. Psychological Assessment Protocol

i. Contractor shall administer a battery of individualized psychological assessments and testing upon admission. Standardized and semi-structured psychological tests shall be utilized to complete a preliminary assessment of the Patient Inmate’s current functioning, likelihood of malingering, and current competency to stand trial. Impediments to trial competency shall be ascertained through the use of preliminary assessment instruments including, but not limited to:

1) Clinical Interview. The psychologist shall obtain information pertaining to the Patient Inmate’s psychosocial, psychiatric, and legal history as well as barriers to competency. The Mental Status Exam (MSE) shall also be included in the interview;
2) Assessment of Malingering (as clinically indicated). Miller Forensic Assessment of Symptoms (M-FAST);
3) Assessment of Trial Competence. Evaluation of Competency to Stand Trial-Revised (ECST-R), the MacArthur Competency Assessment Tool – Criminal Adjudication (MacCAT-CA), and/or the Competence Assessment for Standing Trial for Defendants with Mental Retardation (CAST-MR); and

ii. Contractor shall administer additional malingering-specific assessments, integrating additional observable data reported by various disciplines on a 24/7 basis if preliminary assessment suggests the presence of malingering. If the screening instruments administered during the preliminary assessment raise suspicion that the primary barrier to trial competency is malingering, the following may also be utilized, including but not limited to:

1) Structured Interview of Reported Symptoms—Second Edition (SIRS-2);
2) Test of Memory Malingering (TOMM);
3) Georgia Atypical Presentation (GAP);
4) Structured Inventory of Malingered Symptomatology (SIMS); or
5) Inventory of Legal Knowledge (ILK).

iii. Contractor may administer further cognitive assessments based on the specific cognitive deficit identified during the preliminary assessment. If the screening instruments administered during the preliminary assessment raise suspicion that the primary barrier to trial competency is cognitive deficits, the following may also be utilized, including but not limited to:

1) Repeable Battery for the Assessment of Neuropsychological Status (RBANS);
2) Wide Range Achievement Test 4 (WRAT4); or
3) Montreal Cognitive Assessment (MoCA).

1) Personality Assessment Inventory (PAI); or
2) Minnesota Multiphasic Personality Inventory-2 (MMPI-2).
v. Contractor shall administer follow up assessments of the Patient Inmate’s current competency to stand trial at 30-day intervals or more frequently as needed using any of the following, including but not limited to:

1) Evaluation of Competency to Stand Trial-Revised (ECST-R);
2) Revised Competency Assessment Instrument (R-CAI);
3) MacArthur Competency Assessment Tool – Criminal Adjudication (MacCAT-CA); or
4) Competence Assessment for Standing Trial for Defendants with Mental Retardation (CAST-MR).

E. Individualized Treatment Program

i. Contractor shall identify specific deficits that result in incompetence to stand trial upon admission. Each deficit shall be listed on the individualized treatment plan and shall be targeted in the Patient Inmate’s treatment. Contractor shall use current standardized competency assessment tools, such as the MacArthur Competency Assessment Tool, after considering the totality of clinical and forensic circumstances.

ii. Contractor shall provide an individualized restoration program according to the treatment approach subscribed to by the individual treatment teams and indicated by the Patient Inmate’s psychiatric condition, level of functioning, and legal context.

iii. Contractor shall tailor individualized treatment regimens to the Patient Inmate’s specific barrier(s) to trial competency. Deficits identified in the competency assessment upon admission to the JBCT program shall be listed in the individual treatment plan and addressed by specific treatment interventions.

iv. Contractor shall conduct case conferences weekly or as needed to reassess Patient Inmates’ progress toward restoration of competence to allow the treatment teams to measure whether their treatment interventions are working, and whether additional treatment elements need to be incorporated into Patient Inmates’ treatment plans.

F. Multi-modal, Experiential Competency Restoration Educational Experience and Components

i. Contractor shall provide educational materials presented in multiple learning formats by multiple staff to each Patient Inmate, e.g., a simple lecture format may be replaced with learning experiences involving discussion, reading, video, and experiential methods of instruction, such as role-playing or mock trial.

ii. Contractor shall address the following elements in the education modalities of the competency restoration program, including but not limited to:

1) Criminal charges;
2) Severity of charges, namely Felony vs. Misdemeanor;

8) Evaluating evidence;
9) Court room behavior;
10) Assisting counsel in conducting a defense;
11) Probation and Parole; and
12) Individualized instruction as needed.

iii. Contractor shall provide additional learning experience through increased lecture time, as well as individual instruction to Patient Inmates who are incompetent due to specific knowledge deficits caused by low intelligence, but who may be restored to competence with additional exposure to the educational material.

G. Medication Administration and Consent

i. Contractor shall obtain proper authorization (e.g., informed consent for treatment, medication issues) from the Patient Inmates as soon as possible in accordance with professional standards of care and court practices.

ii. Contractor shall provide strategies to promote and incentivize voluntary psychotropic medication compliance.

iii. If involuntary psychotropic medication is not ordered by the court at time of commitment of a Patient Inmate to the JBCT program and the treating psychiatrist determines that psychotropic medication has become medically necessary and appropriate, Contractor shall request that the court make an order for the administration of involuntary psychotropic medication as outlined in the DSH JBCT Policy and Procedures Manual.

iv. Contractor shall administer involuntary psychotropic medication when medically necessary and appropriate upon the issuance of the court order as outlined in the DSH JBCT Policy and Procedures Manual.

H. Suicide Prevention/Adverse Events

Contractor shall submit written suicide prevention procedures to the DSH Contract Manager for approval prior to activation of the JBCT program and annually thereafter.

I. Patients’ Rights/Grievance Process

Upon admission, Contractor shall provide an orientation and education on the Patient Inmate grievance process for each Patient Inmate. Contractor shall post the Patient Inmate Grievance Process in a visible location in an area commonly used by Patient Inmates

J. Data Deliverables

i. The DSH shall provide a standardized data collection template. Contractor shall complete and submit this data collection to the DSH on a weekly basis with a deadline to be determined by the DSH. The template includes, but is not limited to, the following data elements:
ii. Contractor shall submit daily census reports to the DSH upon the first Patient Inmate admission, unless otherwise requested by the DSH.

iii. Contractor shall submit a summary performance report within 30 days of the end of the contract term, to include but not be limited to, the information stated above and:

1) The total number of individuals restored to competency;
2) The average number of days between program admission and discharge;
3) The total cost of the program by budget category: personnel, operating expenses, administrative expense, custody and housing, and other direct operating costs as well as overall cost per Patient Inmate treated and the costs for those found to be malingering;
4) The cost per cycle of treatment;
5) A description of all implementation challenges; and
6) Special incident reports and notification to the DSH of emergencies.

K. Reporting Requirements
i. Contractor shall submit a written report to the court, the community program director of the county or region of commitment, and the DSH Contract Manager concerning the Patient Inmate’s progress toward recovery of trial competence within 90 days of a commitment. The report shall include a description of any antipsychotic medication administered to the Patient Inmate and its effects and side effects, including effects on the Patient Inmate’s appearance or behavior that would affect the Patient Inmate’s ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner.

ii. Contractor shall verbally report any escape within 24 hours to the court that made the commitment, the prosecutor in the case, the Department of Justice, and the DSH Contract Manager, with a written report to follow within five business days.

iii. Contractor shall report via phone or email to the DSH Contract Manager when a Patient Inmate who is currently receiving treatment in the JBCT program is involved in a Serious Incident. “Serious Incidents” shall include, but not be limited to, causing serious harm to self or others and committing a new felony offense. Such reporting shall take place within 24 hours of the Serious Incident. Contractor shall respond to Serious Incidents and law enforcement issues, with coverage 24 hours per day, seven days a week, and with the capacity to arrange for or provide emergency transportation of Patient Inmates. Contractor shall maintain a Serious Incident file that is separate from the Patient Inmate record.

iv. Contractor shall file a certificate of restoration with the court that made the commitment when the Program Director or their designee determines that the Patient Inmate has regained trial competence.

2. TREATMENT PROTOCOL

A. JBCT is an intensive, milieu-based treatment program that quickly facilitates competency through a combination of group and individual therapy.

B. Contractor shall focus on providing individualized treatment daily to Patient Inmates. In the event Contractor has two or more Patient Inmates admitted in the JBCT program, group therapy shall be utilized when appropriate. Group content should include one of the four group treatment domains: competency education, understanding and management of mental illness, physical exercise, and mental/social stimulation. Many group topics can be assimilated into the groupings, e.g., mock trial, music-based competency treatment, etc.

C. Contractor shall provide individual sessions per day to each Patient Inmate. Individual sessions may be used to check-in with Patient Inmates and/or discuss key legal elements of the individual’s case that may be too sensitive for group discussion. Specific competency issues can best be addressed
individually, e.g., a Patient Inmate understands court proceedings but struggles to apply the knowledge to their individual case.

D. Contractor’s psychiatrist shall see each Patient Inmate weekly. A psychiatric assessment is a component of the admission process, and more frequent appointments shall be available as needed.

DSH further reserves the right to terminate this Agreement should a threat to security be determined.

B. In the event that the services required under this Agreement will be performed within a DSH facility, Contractors and their employees who are assigned to work with, near, or around patients shall be required to be examined and tested or medically evaluated by a licensed healthcare provider for TB in an infectious or contagious stage prior to the performance of contracted duties, and at least once a year thereafter (within 12 months of their initial or previous TB test under this contract), or more often as directed by DSH.
