

MARIPOSA COUNTY

Public Works · (209) 966-5356

MEETING: February 28, 2012
TO: The Board of Supervisors
FROM: Peter Rei, Public Works Director
RE: Approve Plans and Specs for the Midpines Fire Stat

*Rei 12-99
w/ m/b*

RECOMMENDATION AND JUSTIFICATION:

Approve plans and specifications for the Midpines Fire Station #21; authorize the Public Works Director to solicit bids for construction, award the bid and enter into a contract with the lowest responsible bidder.

The Engineer's cost estimate for this project is \$567,106

Please see Clerk of the Board for Plans and Specifications.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

Previously the Board of Supervisors earmarked \$750,000 from the Tobacco Settlement Fund to be used for fire station construction.

On June 16, 2009 the Board approved an application for an Aid to Firefighters Grant for fire station construction.

In January of 2010 the Board authorized the Public Works Director to issue a Request for Proposal for the design and manufacture of three fire station buildings in Mariposa County. There was no response to this RFP from any of the manufacturers. An RFP to local contractors for fire station construction resulted in two proposals, which were subsequently rejected.

On May 17, 2011 the Board authorized the Public Works Director to issue an RFP for the design and engineering for the Don Pedro fire station Building. This contract was awarded to Golden Valley Engineering, who have completed the building design.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

1. Approve the plans and specifications and proceed with the bid process; or
2. Not approve and reconsider how to proceed with the project.
