RECOMMENDED ACTION AND JUSTIFICATION:

It is respectfully recommended that your Board approve the County Self Assessment for California's Child and Family Services Review, Authorize the Chair to Sign and the Department to Submit to the California Department of Social Services.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

As part of a triennial cycle, each California County must develop a document which incorporates input from various child welfare constituents and review the full scope of Child Welfare and Probation Services within the county. Mariposa's first County Self Assessment was approved and submitted in 2004, the second in 2007. Since then, in an effort to minimize duplicative processes, maximize resources, and increase partnerships and communication between organizations, the needs assessment for the Child Abuse Prevention Intervention and Treatment (CAPIT), Community-Based Child Abuse Prevention (CBCAP) and Promoting Safe and Stable Families (PSSF) Plan has been incorporated into the California Children and Family Services Review process.

The development of this document required input from numerous County and community agencies that serve families and children. Also included were families that have been served by either Child Welfare or Probation. Both strengths and weaknesses have been identified and will be used to build on the next step in the process which will be the self-improvement plan for probation and child welfare services. The identification of the community's need for prevention and community-based services will focus the future use of CAPIT/CBCAP/PSSF funds.
