RES. NO. 10-122

Investment Policy and Guidelines

I. Investment Policy Objectives

When investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds, the primary objective of a Trustee shall be to safeguard the principal of the funds under its control. The secondary objective shall be to meet the liquidity needs of the depositor. The third objective shall be to achieve a competitive return on the funds under its control (Sec. 53600.5 of the Government Code).

II. Investment Criteria

- A. Overseeing investments for Mariposa County is the responsibility of the County Treasurer. This responsibility includes the authority to:
1. Determine the maturity of the portfolio. This will be based on cash flow needs, the market curve and diversification. The average weighted maturity is dependent on the needed liquidity and diversification and cannot exceed the maximum five-year maturity allowed by the Government Code.
 2. Monitor the investment advisor/manager.
 3. Review and consult with the investment managers as to specific needs, using the criteria stated.
 4. Open account with brokers, bank and dealers.
 5. Establish the safekeeping accounts or other arrangements for the custody of securities.
 6. Execute all necessary documents for the above.
- B. As authorized by the Board of Supervisors, the County Treasurer has authority to invest or reinvest the funds of the County and the funds of other depositors in the County Treasury (Sec. 53600 of the Government Code).
- C. The authority hereby granted to the Treasurer provides full responsibility for those transactions until the delegation of authority is revoked or expire.

- D. If an investment is downgraded by Moody's Investors Service or Standard & Poor's Corporation, and it is no longer in compliance with guidelines, the Investment Manager will notify the Treasurer with the recommendation to either hold or sell the position. Final decision will be subject to the Treasurer's approval.
- E. Should a local agency within Mariposa County, not required by California law to deposit monies with the Treasurer desire entry into the Treasurer's Investment Pool, the agency shall comply with the requirements of Section 53684 of the California Government code and provide to the Treasurer a resolution adopted by its governing board stating excess funds are available for the purposes of investment. The resolution shall specify that the local agency authorizes the investment of excess funds pursuant to Section 53684, those persons authorized at the agency to coordinate the transactions, the agency's willingness to be bound by the withdrawal provisions of the California Government Code Section 27136, and the agency's understanding that administrative charges will be deducted by the Treasurer as permitted by Sections 53684(b) and 27013. Subject to the approval/disapproval of the County Board of Supervisors, the Treasurer shall approve or disapprove such agency's request in writing.

Monies deposited by local agencies approved for entry into the Treasurer's Investment Pool will be invested in the Local Agency Investment Fund (LAIF). To participate in the Extended Fund, the local agency must sign a waiver indicating their understanding of the possible NAV risk involved.

- F. Notwithstanding any other provision of law, other public entities, agencies or officials seeking withdrawal of funds held in the County treasury pool, for the purpose of investing or depositing those funds outside the County treasury pool, shall first submit the request in writing to the County Treasurer. The Treasurer shall evaluate each proposed withdrawal for its consistency with the criteria adopted pursuant to Subdivision (h) of Sec. 27133 of the Government Code. In approving a request, the County Treasurer must find that the proposed withdrawal will not adversely affect the interests of the other depositors in the pool (Sec. 27136 (a) & (b) of the Government Code).
- G. Pursuant to GC sec. 27013, administrative and overhead costs include but are not limited to portfolio management, bank and custodial fees, software maintenance and other indirect costs incurred from handling or managing funds.

Investment earnings and the above fee charge will be allocated to the pool participants on a quarterly basis.
