RECOMMENDED ACTION AND JUSTIFICATION:
Adopt a Resolution clarifying the intent that all new County employees, including appointed and elected officials, will be subject to the health benefit vesting requirement as a future retiree under the Public Employees’ Medical and Hospital Care Act (PEMHCA) to be effective May 1, 2007. With the adoption of this Resolution, it will fulfill the Board’s original intent to include all newly hired individuals who will be subject to the new vesting schedule as regulated by Government Code section 22893. Appointed and elected officials under the new vesting schedule must have at least 10 years of service, 5 of those 10 years must be with Mariposa County, to receive a portion of the appropriate County contribution for health benefits. The vesting schedule that will apply to these employees will be as follows: After a minimum of 10 years of service, the employee will receive 50% of the County contribution upon retirement and each year thereafter, the employee is eligible to receive an additional 5% of the County contribution upon retirement. At 20 years of service, the employee is eligible to receive 100% of the health benefit contribution for life.

Adopting this amended vesting Resolution to include appointed and elected officials will enable the County to further reduce the retiree health benefit expenses.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
Previously, newly hired individuals who served 5 years as an employee with Mariposa County were fully vested relative to their health benefits, i.e., these employees could retire at age 50 after having served only 5 years and would be able to receive 100% of the health benefit contribution for life. At their meeting of December 12, 2006, the Board adopted a Resolution establishing a health benefit vesting requirement for future retirees under PEMHCA. Although not specifically stated, this included appointed and elected officials, however, CalPERS has informed staff that because this group was not specifically referred to in the body of the original Resolution, it is their interpretation that an amended Resolution is needed to be adopted to explicitly list this group.

Consider Items Removed from the Consent Agenda

Consent Agenda item 11 – PERS health benefit vesting. Discussion was held with Rick Benson relative to this matter and the process with PERS and the effective implementation date. It was clarified that PERS did not accept the Board’s original action to be effective until February 1, 2007, for employees; and the action today will have an effective implementation date of May 1, 2007 for appointed and elected officials. Rick Benson noted that this action does not affect Supervisor Aborn since PERS did not accept the Board’s original action to be effective until February 1st. The Fire Chief was the only appointed official that was affected by the implementation. (M)Turpin, (S)Fritz, item 11 was approved/Ayes: Unanimous.
