DEPARTMENT: Planning
BY: Kris Schenk, Director
PHONE: 966-5151

RECOMMENDED ACTION AND JUSTIFICATION:

Adopt a resolution approving the road name, “Mustang Road”, for the subject easement; see attached map. The road name is consistent with the road naming requirements of County Resolution No. 92-541.

The applicant is naming the road in conjunction with Land Division Application 2005-131 and requesting approval of the Board of Supervisors because the proposed road could be used to access one existing off site parcel which does not have frontage on Usona Road.; see attached map.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board adopted Resolution No. 92-541 in 1992 establishing criteria for naming non-County roads. In accordance with this resolution, road names are to be developed around some historical, botanical, zoological or geological significance as they directly relate to Mariposa County.

The majority of new road names for land divisions are addressed in Section C (2) of Resolution No. 92-541 involving approval by the planning director. Because this land division roadway also provides access to one existing off site parcel, the road name requires Board of Supervisors approval. The owner of the off site parcel was notified of the proposed road name via certified mail, but did not return the written response form.

There are two property owners served by the new road, the owner of the Land Division Parcel and the owner of the off site parcel. Because the off site land owner did not respond to the Road Name request, this owner shall not be included in computing the majority of the property owners served by the new road. Therefore, the majority of the property owners (the applicant for the Land Division and Road Name applications) agree with the proposed name, “Mustang Road”.

This Board packet has been mailed to both affected property owners so there is notice of this action.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
The need for a road name is a condition of approval for a land division. Therefore recording of the parcel map would be delayed until the road name is resolved.

PROPOSED ROAD NAME MUSTANG ROAD

Is this application being submitted to comply with a condition for a Land Division Application? YES NO
If yes, please indicate the Land Division Application Number 2005-131

EXPLAIN THE MEANING AND REASON FOR CHOOSING THE PROPOSED ROAD NAME (as it relates to the Mariposa County Road Naming Policy):

Historical Last wild mustang herd

in area

Number of properties served by the road in question 2

In accordance with the adopted policy on street/road names, property owners who own a majority of the parcels having access to the road must approve the road name under consideration. The spaces below are provided for the signature of property owners who either approve or disapprove of the name. Owners of undeveloped parcels must be included. Separate letters may also provide signatures. Please be advised that naming an existing unnamed road will change your physical street address and mailing address if your mail is delivered to your street address.

MARIPOSA COUNTY RESOLUTION NO. 85-304

A RESOLUTION ESTABLISHING THE PROCEDURE FOR THE NAMING OF EASEMENT ROADS.

BE IT RESOLVED, that the Mariposa County Board of Supervisors, upon recommendation by the Planning Commission, hereby adopts the following policy for the naming of easement roads in conjunction with Subdivision Maps, and for existing easement roads which are unnamed:

A. An easement road shall be defined as a non-county road which provides primary access to four or more residential parcels or two or more commercial or industrial parcels.

B. General Policy for the naming of all easement roads is established as follows:

1. Road names shall be developed around some historical, botanical, zoological or geological significance as they directly relate to Mariposa County.

2. Roads shall not be named after any numbers or letters, except as they may pertain to Number 1, above.

3. Where easement road names have already been established, proposed extensions of said easement shall keep continuity with the existing name(s).

4. The name of the easement road shall not be a duplication of a name already established for any other County road or easement road in the County.

C. The procedure for naming easement roads in conjunction with tentative subdivision maps shall be as follows:

1. Prior to the consideration of approval or denial of subdivision, the project applicant, or a representative, shall submit a name or names of all easement roads within the division if such roads
meet the criteria of A above.

C. 2. Where the easement road is newly created by the subdivision, such proposed names shall be at the sole discretion of the applicant, providing the name is consistent with B 1 and 2 above, as determined at the time of the consideration of the tentative map.

3. On those easement roads which are in existence prior to the submittal of the subdivision, it shall be the applicant's responsibility to contact all property owners having access off of the road. Prior to acceptance of the name by the Planning Commission, the applicant shall obtain written agreement by a majority of the property owners that they agree with the proposed name. If the applicants can provide documented evidence that the property owners have been contacted, but failed to respond within twenty-one (21) days of the receipt of the request, then those non-responding property owners shall not be included in computing the majority of the property owners served by a road under consideration for naming. Sufficient evidence is considered to be an executed certified mail receipt. If it is shown that a majority of the property owners served by a road cannot reach an agreement on a proposed name, then a property owner served by the road may request that the Board of Supervisors name the road.

D. The procedure for naming existing unnamed easement roads shall be as follows:

1. Any individual, or group of individuals, may submit a name for an unnamed easement road, so long as that person, or persons, have direct access from the easement road to be named.

2. A complete application form and a map showing the location of the road to be named shall be submitted to the Planning Office. A
D. 2. complete application shall include written verification that all property owners having direct driveway access to the subject road, have been notified of the proposed name and that a majority of the property owners have agreed in writing to the proposed name.

3. Upon submittal of the complete application to the Planning Office, the Planner/Grantsman, or his designee, shall act on the road name application relative to Section 8, 1 through 4 above. Such action shall take place within ten (10) days of the receipt of the complete application. The applicant shall be notified in writing of the action on the road name application and informed of a ten (10) day appeal period to the Planning Commission.

4. If a request for appeal is received by an applicant, the matter shall be considered by the Planning Commission at the next available meeting. The applicant shall be notified of the meeting. The Planning Commission shall consider such appeals in accordance with this Resolution.

5. Following the completion of the ten (10) day appeal period or the decision of the Planning Commission on an appeal of the Planning Office decision, an affirmative decision on a road name request shall be forwarded to the Board of Supervisors for their concurrence. Such matters shall be referred to the Board on the consent calender.

6. In the instance that a road name request is submitted that does not comply with any of the policies set forth in this resolution, the application shall be referred directly to the Planning Commission for consideration and recommendation to the Board of Supervisors.

BE IT FURTHER RESOLVED, that this Resolution hereby replaces and rescinds
County Resolution No. 80-75 regarding the naming of easement roads.

PASSED AND ADOPTED on the 24th Day of September 1985 by the Mariposa County Board of Supervisors by the following vote:
