RECOMMENDED ACTION AND JUSTIFICATION:
Approve an Agreement with KNN Public Finance in an amount not to exceed $95,000 to provide municipal finance consulting services relating to pension bond financing; and Authorize the Chairman of the Board of Supervisors to sign the Agreement. In concept the issuance of these bonds is rather straightforward, however there are numerous options regarding the structuring and placement of these bonds. Slight differences in interest rates and/or terms of the issuance can end up varying the costs to the County by several thousand dollars annually.

KNN Public Finance provides consulting services to assist with the structuring, coordinating, marketing, and pricing of bonds and other matters related to their issuance. KNN will act on the County's behalf by contacting several potential buyers of these types of bonds in order to secure the best deal possible. The firm will also act in concert with Bond Counsel to assure that all reporting and other legal requirements are met while minimizing costs to do so. The firm has a long list of municipal clients including counties, cities, school districts, and other entities throughout the State.

Compensation to the consultant is in the amount of $60,000 plus expenses not to exceed $5,000. The Agreement also contains two other compensation line items, neither of which are contemplated. Issuing bonds through a private placement does not normally require an official statement, however if it does become necessary to issue an official statement the consultant’s fee will be increased by $10,000. Furthermore, although the County is contemplating a private placement, if it appears advantageous to have a public offering, the consultant’s fee would increase to $95,000. While neither of these situations are likely, by including them in the Agreement at this time, the County will not be subject to any unexpected costs later. All costs for this Agreement will be paid through financing. In addition, no fee will be due in the event that the County does not complete the financing.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
On April 24, 2007, the Board gave direction to pursue issuance of pension obligation bonds in order to address the unfunded liability of the County for retirement benefits.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Do not approve the Agreement. Although it is possible for the County to issue bonds without a financial consultant, without the complete access to the financial markets provided by a consultant, it is unlikely that savings to the County will be maximized.
