RE:       Behavioral Health Contract for Board & Care Services

Recommendation

It is respectfully requested that your Board: (1) approve a Behavioral Health contract for residential board & care services with Acacia Board & Care; and (2) authorize your Chairman to sign the contract.

Background/Current Situation

The transition of Mental Health services from Kings View to the County requires that the department of Human Services/Behavioral Health & Recovery Services obtain new and/or amended contracts. This County does not operate board and care facilities and therefore contracts for such services. These services are necessary for people who are unable to live independently.

The contract has been approved by our Counsel and the Contractor.

Financial

This contract will continue to be paid within the Mental Health budget unit 0402. The cost is $4,788 per year, per client. Often, client income pays for these services, for example through Social Security Income. There is no impact to general fund dollars.
