RE: Mental Health Contracts for In-Patient, Board & Care and Professional Services

Recommendation

It is respectfully requested that your Board approve Behavioral Health contracts for residential inpatient, board and care and professional services necessary for program operations.

Background/Current Situation

The transition of Mental Health services from Kings View to the County requires that the department of Human Services/Behavioral Health & Recovery Services obtain new and/or amended contracts. This County does not operate in-patient, residential facilities and therefore contracts for such placement. Multiple contracts are necessary as beds are in short supply throughout California. If we were to limit the number of contracts, there would almost certainly be a time that someone was a danger to themselves or others, or needing residential services and no bed space would be available. The new agreements are substantially similar to the subcontracts currently in place through Kings View with the change of name to Mariposa County.

The contracts/amendments, approved by our Counsel, are summarized below:

<table>
<thead>
<tr>
<th>Agency/Entity</th>
<th>Purpose</th>
<th>Amount</th>
</tr>
