RECOMMENDED ACTION AND JUSTIFICATION:

Authorize the time extension and re-appoint the present members to the Task Force to continue with their present charge of making recommendations on parking, traffic circulation, signage and historical preservation and beautification of the downtown historic area.

The Task Force has been making progress towards finding solutions for downtown circulation, parking, signage and historic preservation, as is evident from the mid-year report. However, the Task Force needs additional time to make what the group feels to be comprehensive recommendations about issues sure to be of consequence to not only the downtown but the entire County.

Topic: Time extension for the Mariposa Town Advisory Task Force

Resolution number 03-06 created the Mariposa Town Advisory Task Force for the purposes of finding solutions to the issues of parking, traffic circulation, signage, and historic preservation and beautification of the historic area of downtown Mariposa. The term of the Task Force was set for one year. The Task Force has been diligently working on finding solutions and making recommendations to these issues, but asks that in January, they make an interim report on their progress since June (the time of the mid-year report), and be re-appointed so they may continue to meet as a committee until June 2004.

Staff supports the Task Force time extension, and believes it best to keep the members currently on the committee. Staff and Supervisor liaisons have been very pleased with their work and dedication and looks forward to their final recommendations.

RECOMMENDATION: Approve the motion to extend the Mariposa Town Advisory Task Force term to June 30, 2004.
