RECOMMENDED ACTION AND JUSTIFICATION:

Approve the participation of Mariposa County in the “Regional Council of Rural Counties (RCRC) and Rural Alliance, Incorporation (RAI) Scholarship Program” and direct staff to request the Mariposa County Schools Foundation select, award, and administer the scholarship program on behalf of the Board of Supervisors. RCRC has once again included funding in their 2004 budget for a scholarship program that allocates a total of $1,000 to each member county of RCRC to award to one or two eligible 2004 high school graduates. The Mariposa County Schools Foundation has been contacted and they are willing to select, award, and administer the scholarship program on behalf of the Board of Supervisors. Once staff has been notified of the recipient(s), a formal resolution will be prepared for review and adoption by the Board to notify RCRC and RAI of the scholarship recipient(s) and that the Mariposa County Schools Foundation will be administering the scholarship money.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board of Supervisors adopted Resolutions 02-95 and 03-77 approving the participation of Mariposa County in the RCRC/RAI Scholarship Program and directing staff to have the Mariposa County Schools Foundation select, award, and administer the scholarship program. The Mariposa County Schools Foundation has selected two recipients in the previous two years to each receive a $500 scholarship. The Board then adopted Resolutions 02-196 and 03-195 that formally notified RCRC and RAI of the scholarship recipients and directing that the Mariposa County Schools Foundation will administer the scholarship money.

ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not approve the participation of Mariposa County in the RCRC/RAI Scholarship Program. Eligible local 2004 high school graduates will not be able to receive these scholarship funds.

Approve the participation of Mariposa County in the RCRC/RAI Scholarship Program, but direct staff to return to the Board with a different method for determining the scholarship recipient(s).

RE: Student Scholarships

Dear Supervisor Pickard:

During the preparation of the 2004 budgets for RCRC and its associated entities, including Rural Alliance Inc. (RAI), funds were included for a local scholarship program for all RCRC member counties. This will continue a program created in 2002. The idea was to utilize funds generated by RAI, which is legally separate from RCRC, and to provide those funds to deserving students in each member county. The RAI budget included $30,000 for such purposes, with $1,000 allocated to each RCRC member county.

The intent of a scholarship program is twofold:

- An increase in education for rural residents is a benefit for rural California. College and trade schools are increasingly expensive, and financial aid is needed by virtually all rural students.
- The scholarships are a way to "give something back" to our member counties in furtherance of RAI's charitable, educational and scientific purposes.

The RCRC Board and the RAI Board have jointly adopted a standardized set of rules to administer this program. The adopted rules are as follows:

1. Scholarship funds of up to $1,000 will be available for every member county of RCRC as of January 1 for use during the ensuing 12-month period.
2. In the event that a county does not utilize its full share of $1,000, unused funds will NOT be reallocated to other counties or carried over into future years.
3. The RCRC President and RAI President will jointly administer the scholarship program. They will notify the Board of Supervisors of each county regarding availability of the scholarships, and keep a record of recipients named by the counties by program year. Actual disbursements will be made from RAI funds.
4. Students attending a college or trade school of any type and for any area of study are eligible for scholarship funds.
5. Each Board of Supervisors will decide, in any manner it deems appropriate, who from their respective counties is to receive the funds, except that no more than two scholarships not exceeding a total of $1,000 may be awarded by a county. The Board of Supervisors must notify RCRC/RAI of its decision on scholarship recipient(s) and their addresses by passage of a Board Resolution or Minute Order and transmittal of the same to RCRC/RAI for the current program year, whereupon funds designated will be sent directly to the recipient(s).

6. RCRC/RAI will not require verification of student attendance at an educational institution as a condition of the award. It is assumed that the Board will verify or is otherwise satisfied that the recipient designated by the Board will use the funds for qualified educational purposes.

7. The scholarship shall be awarded as the “Regional Council of Rural Counties and Rural Alliance, Inc. Rural Scholarship Program”, and in the name of the respective county’s Board of Supervisors.

We are happy to report that all RCRC member counties participated in the scholarship program in 2003. We hope your county will participate in this scholarship program this year. To participate, your Board must adopt a resolution in substantial compliance with the attached draft resolution. We will also need the full name and address of the recipient(s). If you would prefer that we route the check through an organization or foundation, we will do that in lieu of a direct check to a recipient(s).

If you have any questions, please feel free to contact Brent or his assistant, Margaret Sorensen.

Sincerely,
