**SUBJECT:** Proposition 40 Projects

For Proposition 40, the following candidate projects should include the Amphitheater Stage, the Arts Park, the Creek Parkway Phase III and the Regional Recreational Complex

1. **Amphitheater Stage:** This a performing arts facility with an enclosed stage and outdoor "Greek" theater seating. This project is partially constructed. The phase (funded) will occur late summer to enclose the structure. Seating, stage lighting and sound still need to be funded. Estimated cost to do this is \$300,000.
2. **The Arts Park:** This is also an outdoor theater located in Mariposa suitable for more casual performances. This facility will also double as a park/picnic grounds adjacent to State Highway 140. The county has funded land acquisition but needs additional funds of approximately \$200,000 to complete the terracing, landscaping, utilities and restrooms.
3. **Creek Parkway Project, Phase III:** This is a continuation of a pedestrian/bikeway path along Mariposa Creek. The County is presently completing the Survey for the next phase that will continue from 8<sup>th</sup> Street to Joe Howard Street. Estimated construction cost is approximately \$200,000.
4. **Regional Recreational Complex:** This project will include a sports complex, park facilities, walking trails and picnic areas to be centrally located within the County. Site selection has been narrowed down to two candidate sites. Land appraisals have been arranged and the County will be negotiating with the landowners shortly for purchase. An estimate for full build out has not been prepared but it will be at least \$15,000,000.

May, we can supply more information as needed once the Board approves the list.

Re: Allocation of Prop 40 funds

Governor Davis is expected to release his recommendations for the expenditures of Prop 40 funds. In the meantime the Assembly (and the Senate is expected to follow suit) has formed several working groups to receive and evaluate requests for funding. The Assembly groups have asked for one page requests which should include:

1. A very brief description of the project.
2. Cost of the project.
3. Stage of the project's development
4. How long it will take to complete to project.
5. Specifically tie the project to a Prop 40 category – very important.

We have been especially encouraged to submit projects which relate to agriculture and open space. Some of the following categories may apply to you.

1. Sudden oak death syndrome.
2. Costal park funds – particularly clean beaches.
3. Historical and cultural projects.
4. Programs which may fit in the Farmland Conservancy and/or Grazing Land programs.
5. Urban parks.

We think that we have about three weeks to get our project lists in to the Assembly groups.

Call if you have questions.
