

DEPARTMENT: Public Health                      BY: C. B. Mosher, MD, MPH, Health Officer                      PHONE: 966-3689

RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes \_\_\_ No x )

Recommend resolution appointing Health Officer as Air Pollution Control Officer; recommend resolution authorizing the filling of the County Registered Environmental Health Specialist position at 0.8 FTE Permanent-Part Time.

The Air Pollution budget for 1998-1999 was in the Planning Department. The previous Planning Director had been appointed APCO and is no longer with the County. To formally initiate the transfer of Air Pollution to the Health Department, it is necessary to appoint the Health Officer as the Air Pollution Control Officer.

To affect transfer of the Air Pollution Program to the Health Department, the Health Officer has recommended to the Board that the currently existent County REHS position, which is underfilled with extra help, be filled at a 0.8 FTE Permanent-Part Time level. The individual filling this position would perform not only Air Pollution functions but also general REHS activities, including food inspections, pool inspections, septic and well inspections, etc. Additionally, the other two REHS's in the Health Department will receive adequate training to cover Air Pollution issues. However, the 0.8 FTE REHS will be the "lead" individual in Air Pollution issues under the direction of the Air Pollution Control Officer/Health Officer.

**BACKGROUND AND HISTORY OF BOARD ACTIONS:**

As part of the restructuring of the Development Services Departments (Health Department, Building Department, and Planning Department), the Board of Supervisors has discussed this item on a number of occasions over the past three months. The Board has conceptually proposed to staff that Air Pollution Program be moved to the Health Department. The Health Officer previously submitted a detailed proposal to the Board for how this could be accomplished.

May 16, 1999

 TO: Board of Supervisors  
FROM: Janet Hogan, County Administrative Officer  
SUBJECT: Alternative Recommendation for Action Requested by Health Officer Related to Air Pollution Control Position  
Agenda of May 25, 1999  
CC: Charles Mosher, MD, Health Officer  
Jeff Green, Interim Personnel Officer  
Nancy Kyle, Personnel Analyst

---

Dr. Mosher requests that a fulltime Registered Environmental Health Specialist position be filled at the level of 80 percent permanent part time. In order to keep our position allocation schedule clear and "uncluttered" the following alternative recommendation is offered for the Board of Supervisor's consideration:

Delete one Registered Environmental Health Specialist position from the Health Department and add one 80 percent permanent part time Registered Environmental Health Specialist.
