JUSTIFICATION

1. Significant Public Works staff time is involved in the processing of Zones of Benefit applications; with an average time requirement of 12 hours.

2. The services provided are of direct benefit to the applicants.

PROPOSED FEES

Applications for Creation, Annexation, Detachment and Dissolution $680.00 Minimum

Composite rate of $55.50 per hour after 12 hours charged in 1/2 hour increments

Creation of or Annexation of Public Interest Zones of Benefit $680.00 Minimum

Composite rate of $55.50 per hour after 12 hours charged in 1/2 hour increments

Creation of a Zone of Benefit for Existing Private Roads No Application Fee

1. A Public Interest Zone of Benefit is a zone determined by the Director of Public Works to be of public interest and not related to a new development.

2. A Public Interest Zone of Benefit may, upon approval of the Director of Public Works, pay a $200.00 deposit with the remaining fees to be diverted to the first year's property tax. The approval shall be based upon the Director's opinion that the public interest zone of benefit is viable and likely to succeed and benefits multiple members of the community.
JUSTIFICATION

1. Significant Public Works staff time is involved in the creation and processing of discretionary agreements such as Deferred Improvement and Development Agreements. Additionally, many projects require discretionary consultations that are a drain on staff time. The amount of time varies with the particular project and the types of issues that are raised. Because of the many varying factors a flat fee is inappropriate.

2. The interaction of Public Works staff and other departments is often required.

3. The cost of the services provided are of a direct benefit to the applicants, and should not be borne by the general tax payor.

RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes ____ No ____ X) 
Pass resolution establishing a $25.00 fee for the filing of Notices of Determination to reimburse the County Clerk for fee collection and accounting services mandated by AB3158 (Fish & Game Funding). This law requires the County to collect and account for fees collected for the State Department of Fish and Game and to account for those projects found to be exempt from the fee. The fee is designed to off-set the cost of this service.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
The Board generally allows fees to be collected for services given.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
1. Establish no fee; Countywide tax payers would pay for additional services.
2. Initiate action as recommended.
