Board of Supervisors

Consisting of Messrs Hendricks, Carr & Coffmann met pursuant to adjournment from November 21st 1864, for the transacting of general business, also as a Board of Examiners to receive and examine the County, Auditor and Treasurer Quarterly Reports, etc.

The Board of Supervisors at their last meeting having examined the accounts of the School Superintendant of Manatee County, were proceeded to finally act thereon.

They find that the business has been carried on in a loose and profuse manner, some districts drawing more money and others paying less than they were entitled to, and inasmuch as E. C. C. Lawrence for the Salary of School Superintendant, viz $250 per annum payable semi-annually commencing October 1st 1864, and the Treasurer is hereby entitled to honor his draft, drawn in favor of any School District of the County for money to which parties in said District may be entitled to; and further ordered that the County Auditor keep a Record of all School Warrants returned to him, the date, number, district and amount of each Warrant, and the Treasurer, to keep an account with each School District and auditor, of the amount of which each is entitled to, and to pay the said School Superintendent and Treasurer their due for the commencement of the next account with the several School Districts. The Report of the Board of Supervisors was placed in the clerk's office, and as there is a difference between the amount of the auditor & Treasurer account of the School Fund and the Report of the Board of Supervisors of 39.00 which is less than the amount of a last Warrant which was issued about the 1st of September 1863, it is ordered that the said Superintendent...
