To the Board of Supervisors of Mariposa Co. Cal.

Gentlemen,

We the undersigned residents of Mariposa County, Cal., most respectfully ask your Honorable Board to extend the due law, the 1st day of January, 1882.

To the Board of Supervisors of the County of Mariposa, State of California:

The undersigned residents and taxpayers of said County of Mariposa, irrespective of party politics, do herewith respectfully request that the time for killing male deer in said County be extended to the first day of January, 1887, and that your petitioners will ever pray.

To the Hon. the Board of Supervisors of the County of Mariposa.

The undersigned, citizens of the County of Mariposa, respectfully represent that the existing laws, commonly called the Game Laws, by which the killing of male deer is made lawful only from July 1st to November 1st, are in that respect not suited nor beneficial to Mariposa County, and ought to be modified, in respect to this County, by an Ordinance of your Hon. Board making it lawful in this County to kill or take male deer from July 1st to January 1st, for the following reasons:

1st. The breeding grounds of deer in this County are in the high mountain regions, and this hunting season is therefore later, and they do not mate to any considerable extent before January 1st, and to have the close season begin earlier than that date effects no good, but simply deprives the people of the use and benefit of the wild game of the County.

2nd. The deer remain in the high mountain regions until driven out by the storms of November and December, and until after November 1st, are so far away from the mass of the people of the County, that they cannot be had for food and are of no real use or benefit, except to the small number of people living in the high mountainous region. After November 1st and before January
1st. They come down to lower grounds where they can be taken and made useful to the population generally.

2d. The close season, as at present established, being unreasonably early, is disregarded, and male deer are in fact killed by the few who have access to them so long as they remain fit for food, and there is no use for a close season until they do become unfit for food; and it is better to make that which is reasonable also lawful, than to continue respect for the laws.

4th. Other Counties have extended the time for killing or taking male deer to January 1st. And particularly the adjacent County of Tolland, whereby they are enabled to sell venison to our People, (often doubtless killed within our own borders,) for two months after we can lawfully kill our own venison.

Therefore we pray Your Hon. Board to pass an Ordinance modifying existing regulations, and to the effect that male deer may be killed or taken in Mariposa County from July 1st to January 1st.
To the Hon. Board of Supervisors of
Mariposa County,
November 9th 1884

Gentlemen:

We the undersigned citizens of Mariposa County, hereby respectfully request and petition your Hon. Board to extend the privilege of killing deer in Mariposa County, up to January 1st, 1885, by enacting such order, resolution, or ordinance as may seem proper.

And we will ever pray etc.

Board of Equalization of Monroe County met in this day as required by law. Present: E.O. Darling, James Lindsey and C.W. Rhulman, William T. Hoffman, Assessor, Alex. McDonald, Deputy Assessor, Augustus Reynolds, Clerk.

Personally appeared Thomas Griffith, a tax payer who being duly sworn testified as to the value of the improvements assessed to him at $1,000.00, and asked that the same be reduced to $500.00.

The Board hearing suggested the Assessors said that said improvements are not excessively assessed - ordered that said application be denied.

Samuel S. town a tax payer appeared before the Board, and it appearing from the testimony that his real estate has been excessively assessed, ordered that his assessment be reduced to $80.00.

In the matter of the application and verified petition herein filed of J.T. McFeen, President and agent of The Southland and Yosemite Road Company setting forth that the guipont Road of said Company extends in Monroe County was erroneously assessed for the year 1874 at double its cash value and praying that the assessment against said Road be reduced to $100.00. Ordered that said assessment be equalized with a just assessment for said two years and reduced to $100.00.

L. F. Jones Esq. appeared as counsel for petitioners - after examination of witnesses and hearing argument of counsel - the Board finds that said Road was assessed for the year 1874 at double its cash value and before said Road was completed; and that the tax thereon was paid and was the just amount of tax, payable thereon for both the years 1874 and 1875, and that justice requires that the assessment for 1875 should be equalized by reducing the same to $100.00.

Therefore it is ordered that the assessment against said Road for the year 1875 be reduced to $100.00 as prayed for in the petition.
In the matter of the application and verified petition of E. C. Bell, Superintendent and agent of the Mining and Milling Company of California, petitioning for a reduction of the taxes assessed against the land of said Company's Estate in Mariposa County from $500 to $100, on the grounds that the land so assessed is mostly mountainous and rocky and only a portion of it fit for agricultural purposes, and that the mineral veins therein are assessed at $500 and added to the valuation of the land, which said mineral veins are mainly undeveloped and wholly unproductive, and that the intrinsic value of said mineral veins cannot at this time be determined. Wherefore said petition asks that the assessment against the mineral veins of $500.00 be reduced to $100.00. L. D. Jones, Esq., is agent as counsel for petitioners.

The Board having heard the argument of counsel took the matter under advisement.

Upon the verified petition and application of John S. Ellis showing that he was assessed wrongfully for $1,000 on personal property, ordered that the same be reduced to $100 as prayed for.

Board of Equalization adjourned until tomorrow, at 10 o'clock A.M.
