

DEPARTMENT: Public Works

By: Michael Edwards Phone: 966-5356
Director

RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes___ No X)

Adopt the plans and specifications for the Mariposa Town Sidewalks on County Roads (interior sidewalks), certify the negative environmental declaration, and authorize the Director of Public Works to award the project to the lowest responsible bidder and execute a contract with same.

Waive County Road Improvement and Circulation Policy Requirements for a 6' concrete sidewalk in commercial areas to a 4' wide concrete sidewalk on the Southwest side of Bullion between 10th and 11th Streets and on the Northeast side of Jones from 7th Street approximately halfway to 8th Street and to a 4' wide temporary asphalt path along 11th Street from Bullion Street to Charles.

These plans and specifications are for the interior sidewalks only, shown in green on the accompanying map; (highway sidewalks are shown in orange). Highway sidewalks will be bid latter, after the main part of the tourist season.

In order to minimize the disruption to the town after school begins in the fall, Public Works has advertised this project and set a bid opening date of July 16. Board action is requested concurrent with the bid period. To maintain the schedule, Public Works recommends that the Board authorize the Public Works Director to award as soon after the bid opening as it is determined that a responsive, responsible bid has been made.

The Plans and Specifications are available for review at Public Works.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

The Board approved funding for the summer, 1998 Sidewalk construction effort at its meeting of May 5, 1998. The Engineer's estimate for the interior sidewalks is \$340,125. Fund sources include Prop 116 funds and State Transportation Improvement Program (S.T.I.P.) funds. Road funds will be used for drainage improvements and adjacent street rehabilitation. Paving for those streets where sidewalks are installed will be included in a separate contract for the summer overlay program.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

- 1. No action. These projects will be delayed. The Prop. 116 funds must be obligated by June 2000 or will be lost to the County.
