Director

RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes\_\_\_ No X)

Resolution adopting bid and contract documents for the repair of Greeley Hill Road at Shingle Hill, Public Works Project Number PW 96-10, authorizing advertisement for sealed bids, set a bid opening date for Thursday, October 2 at 2:00 p.m. and authorizing the Public Works Director to execute a contract with the lowest responsible bidder.

The slide at Shingle Hill occurred in January of this year, due to heavy rain. OES/FEMA have committed funding for 93.75% of this work.

This is a formal bid in accordance with Mariposa County Ordinance #886 and the Uniform Construction Cost Accounting Act, since the bid is expected to be greater than \$75,000.

This project will result in the realignment of Greeley Hill Road at this location by cutting into the hillside. The specifications provide for erosion control measures on both the uphill and downhill slopes and for repaving the road through the realigned section. The County share is included in the proposed 97/98 Road Fund budget, even assuming a 9% reduction in General Fund contribution.

**BACKGROUND AND HISTORY OF BOARD ACTIONS:**

The Board previously approved the 1997 Summer Road Program which included this project. In recent years, the Board has approved major road maintenance/improvement expenditures prior to final budget adoption in order to complete the work prior to winter.

**LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:**

No action will delay completion into the wet season and may jeopardize Federal funding. Without repair, we could possibly lose access at this location this winter.

COSTS: ( ) Not Applicable	
A. Budgeted current FY	\$867,313
B. Total anticipated costs	\$86,250
C. Required additional funding	\$ 0
D. Internal transfers	\$

Action Form Revised 5/92

MARIPOSA COUNTY BOARD OF SUPERVISORS

MINUTE ORDER

---

TO: MIKE EDWARDS, Public Works Director  
FROM: MARGIE WILLIAMS, Clerk of the Board *MW*  
SUBJECT: CONSTRUCTION PROJECTS; RES. 97-360, 97-361, AND 97-362

---

THE BOARD OF SUPERVISORS OF MARIPOSA COUNTY, CALIFORNIA,

ADOPTED THIS Order on September 9, 1997

ACTION AND VOTE:

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda  
- Mike Edwards, Public Works Director, advised of off-agenda requests for the following construction projects: slide repair at Greeley Hill at Shingle Road, repair of 16 small slides on Old Yosemite and Bull Creek Roads, and change order for additional emergency repairs to Incline Road. He advised that there is a critical time frame involving lead time for getting these projects out to bid and work completed prior to the onset of winter weather. (M)Parker, (S)Reilly, Board waived rules requiring 72 hours agenda noticing to consider these requests, finding they were not known about at the time the agenda was prepared and timely action is necessary for the work to be completed before the winter weather/Ayes: Unanimous. Following discussion, (M)Balmain, (S)Parker, Res. 97-360 adopted approving bid and contract documents for the repair of Greeley Hill Road at Shingle Hill (PW 96-10), authorizing advertisement for sealed bids and authorizing Public Works Director to execute a contract with the lowest responsible bidder; and Res. 97-361 adopted approving bid and contract documents for the repair of 16 small slides on Old Yosemite and Bull Creek Roads (PW 96-22 and 23), authorizing advertisement for sealed bids and authorizing Public Works Director to execute a contract with the lowest responsible bidder/Ayes: Unanimous. Dave Tucker/PWD-Civil Engineer, provided input relative to the repairs on Incline Road and the County's portion of costs. Following discussion, (M)Reilly, (S)Parker, Res. 97-362 adopted approving negotiations with Hilton Construction for a change order for additional emergency repairs to Incline Road for an estimated \$83,000/Ayes: Unanimous.

RE: Request for Advertisement

Please advertise the following for four (4) weeks, beginning with the issue of September 10, 1997:

ATTENTION CONTRACTORS, REQUEST FOR BIDS FOR  
REPAIR OF SLIDE, GREELEY HILL ROAD AT SHINGLE HILL, PW 96-01  
&  
REPAIR OF SLIDES, OLD YOSEMITE AND BULL CREEK ROADS, PW 96-22&23

Scope of work:

Shingle Hill: The work consists of cutting back into the hillside to restore the road alignment. Erosion control measures are required for approximately 4 acres on the uphill and downhill slopes. The road requires repaving through the 850 feet of slide area.

Old Yosemite and Bull Creek Roads: The work consists of rebuilding the downhill slopes of 16 small slide areas, using material designated by the Engineer from close by. Several of the steeper slides will require tire walls or Geotechnical cells, as described in the specifications. Erosion control measures are required on the uphill and downhill slopes. These are gravel surfaced roads.

The bid documents are available from the Public Works Department at a non refundable cost of \$5.00 for each of the two separate projects. Bids must be submitted prior to 2:00 p.m., Thursday, October 2, 1997 for the Shingle Hill Slide (PW96-10) and prior to 2:10 p.m., Thursday, October 2, 1996 for the slide repairs on Old Yosemite and Bull Creek Roads (PW96-22&23). There will be a mandatory job walk for both jobs, meeting at the intersection of Greeley Hill Road and Fiske Road in Greeley Hill at 1:00 p.m. on Thursday, September 25, 1997.

Michael D. Edwards  
Director of Public Works
