RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes No X )
Adopt this resolution authorizing the sale of obsolete computer equipment and placing the funds in the Data Processing Budget for the purchase of a new Computer for the department’s new employee.

Pursuant to Government Code Section 25363, the value of the individual pieces of equipment does not exceed $500.00, and may be disposed of by private sale.

BACKGROUND AND HISTORY OF BOARD ACTIONS:
We recently purchased 30 terminals and 7 printers for various departments using the AS/400 mainframe. This equipment replaced items purchased in 1989 and so obsolete that IBM will no longer carry them on extended maintenance. There are a few other AS/400 items that we can sell (a peripheral rack, a communication console, and a nine-inch reel tape drive). We can sell this equipment for approximately $1,500.00 - $2,000.00 dollars, depending on its condition.

The board approved a new position for Data Processing in the current budget year, and the new employee will need a computer. This is a means of paying for the majority of that cost without having to appropriate new general fund money.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:
Post the revenue to the general fund and then take it back out for the purchase of a computer for Data Processing.
