RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes___ No_X)

Resolution rescinding Resolution No. 95-88 which awarded the bid for one 9,000 pound asymmetrical lift to Trans State B/A of Fresno; authorize a rebid for PWB-94-03 with a new bid date of May 19, 1995 and authorize the Public Works Director to award the bid to the lowest responsible bidder.

After awarding the bid on Resolution 95-88, the vendor could not deliver the product with the options at the award price, stating there must have been a misunderstanding that the options were in addition to his original bid and were not included in his price; only the installation was included. In reviewing the bids for the other bidders, it was determined that all of them had bid incorrect options in one form or another; therefore, we were not able to reaward this bid to the next lowest bidder.

BACKGROUND AND HISTORY OF BOARD ACTIONS:

On September 7, 1994, the Board approved funding \$5,500 for a two-post lift from one-time funds.

On March 7, 1995, Resolution No. 95-88, the Board approved the award of the lift equipment to Trans State B/A of Fresno in the amount of \$3,962.89, including all options.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

Do not authorize the rebid and renegotiate with the vendor for the best possible deal that would be higher than the original award.
