**RE:           Telecommunications Deregulation, Proposed**  
**S. 652, Section 254(d)**

Dear Senator Feinstein:

The Mariposa County Board of Supervisors strongly supports your proposed amendment to this bill. Although S. 652 recognizes the role of local government related to compensation and management of rights-of-way, language contained within Section 254(d) is inconsistent with other elements of the bill and would negate the benefits outlined in the bill.

Your proposed amendment to S. 652 is vital to local governments throughout the nation.

Very truly yours,

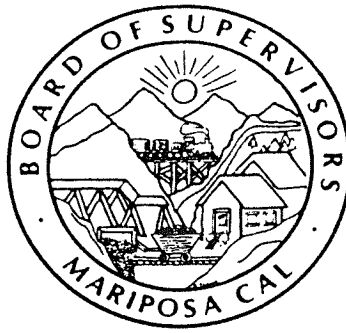

Garry R. Parker, Chairman

RE: Telecommunications Deregulation, Proposed  
HR 1555

Dear Representative Radanovich:

The Mariposa County Board of Supervisors strongly opposes HR 1555 in its present form. The bill does not contain language that recognizes the need to compensate local governments for use of public rights-of-way.

We urge you to ensure that this bill addresses this most-important issue so that local government does not lose control of protection of the public infrastructure and compensation for use of public rights-of-way.

Your support of an amendment to include such an important element would be greatly appreciated.

Very truly yours,

Garry R. Parker, Chairman  
Mariposa County Board of Supervisors
