RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes___ No_X_)

Resolution approving the road name "Brodiea Lane". The road name is consistent with the road naming requirements of County Resolution No. 92-541 and has unanimous approval by the property owners served by the road. The applicant states that this is a wildflower that is found in the immediate area. Brodiea is the common name of a wildflower with many subspecies and is found in the Sierra foothills from Butte County to Kern County. It is abundant in grassy, meadow areas below 5,000 feet in elevation and generally blooms from March to May. As a school project, the Marean children were asked to identify local wildflowers near their home. Brodiea was confirmed to be one of the wildflowers identified by the teacher. Planning Staff did not request a botanical survey to verify that Brodiea was present in the area. The area would meet the habitat criteria for Brodiea growth.
